Subject: IRRC Website - New Message

A new message has arrived from the IRRC Website

First Name: Jeanne

Last Name: Houghton

Company:

Email: Dreamovme6@aol.com

Subject: Common Core

Message:

One size fits all its not beneficial to any student, State or Country. I have researched this Federal Program and have determined its more suitable to a communist country than a free nation such as America. We want America's future leaders to be well educated and common core will do nothing but dumb down our nation. This is truely scary and must be stopped
