A new message has arrived from the IRRC Website

Subject: Pa Core Standards

Message:

Please put a stop to the implementation of Pa Core Standards immediately. No one can determine how much it will cost. It is senseless and dangerous to implement something without knowing how much it will cost. Over testing our student is creating unnecessary stress with no proof of outcome. Children as young as 2nd grade are getting physically ill from the pressure these tests are creating. Please stop this unfunded and unfounded regulation which is bad for Pa students and the taxpayer. Sincerely, Helen A. Kaufman
