**Subject:** Comon Core

**Message:**

I would like you to reconsider the implementation of Common Core in Pennsylvania. I feel upset and betrayed that this new curriculum was ushered in the back door of our school district and districts across this country with little to no public discourse. This is a takeover of our LOCAL school districts by the federal government and IT MUST BE STOPPED. Our kids are not guinea pigs. As taxpayers, we cannot fund this educational experiment. PLEASE LISTEN TO US!
