Subject: stop common core

Message:

the current education is causing anxiety confusion, & stress in children. children are not robots, & should enjoy youth. not spend hours doing school/homework. answer me this did you get where you are today through hours of stress & tears. this box isn't big enough for me to fully share our experiences w/ common core. we have 2 healthy children & 1 special needs child. common core has helped no one here. go back to basic education & foundation. that is what you were taught correct??!!
