**Message:**

Hello, I am writing of my concern over the PA Core Standards that appears to be moving forward. I've done a little research and I haven't been able to find out how much this will cost the state and most importantly my school district which is already dealing with major budget issues. It seems this potential behemoth of a program is totally unfunded and I don't understand why then this is being shoved down our throats as an unfunded mandate. What's going to happen is my taxes will once again go up to fund something I don't want. This nonsense really needs to stop. Thank you Russ Carmn
