Message:

Dear Mr. Sumner, I am expressing my desire to abolish PA Core Standards (aka Common Core). I have two children in elementary school and have experienced the standards firsthand while reviewing and assisting with homework. Additionally, I am concerned about the financial burden of this colossal unfunded mandate and how it will impact my cash strapped school district. I believe this initiative will harm children by transforming them into "data points " versus "children." Thank you for the opportunity to provide comments. Robin Richardson
