Subject: Common Core

Message:

Please DO NOT implement this program in PA. We had Obama Care shoved down our throats with the IRS overseeing. Now, it's Common Core. From what I'm reading, it was initially started by our Governors to enhance grammar and math. But the stimulus package became involved. What the federal government now will do will invade more of our private information such as religious, voter affiliation, income, etc. AND they can share with other agencies. PLEASE STOP THIS INSANITY! Thank you
