Subject: IRRC Website - New Message

A new message has arrived from the IRRC Website

First Name: Lois

Last Name: Kaneshiki

Company:

Email: lois@nb.net

Subject: IRRC 2976

Message:

I am very concerned that you have limited public comments until Nov. 5 when most of us are working on this election and don't have the time to research this significant change to our educational standards. I don't believe "one size fits all" in education or that we are serving out families by adopting "national" standards. Please extend your public commentary period by at least 2 weeks so we can properly review this new regulation.
