Subject: IRRC #2976

2012 NOV -5 PM 12: 56

I am writing to ask that you STOP the state's intention to adopt the National School Standards which has NOT received ample time for public comment! This is nothing more than having the federal government control the minds of our students! We need more localized decision making when it comes to our schools, NOT national decision making!

I will be watching this very closely and hope that you STOP this proposed action!
