Subject: IRRC #2976: ch. 4 reg. changes

Message:

My comment is regarding IRRC 2976, changing chapter 4 education regulations. We do NOT need more federal control of our schools. I do not believe federal control would reflect the interests of the community nor would it be efficient. In addition, implementing this initiative would be very expensive. Finally, have public hearings been held? Have the proper steps been taken to inform the public according to law? These changes should NOT be passed. Thank you, Steve George
