I oppose this bill pertaining to common core standards. We the people have a right to know what these bills are about through public hearings and transparency. These are our children, not the state or federal governments and it should be up to the parents to decide what is best for our children. I will be looking into who the representatives are that are responsible for pushing this bill through. This is abuse of government power and we the people will not stop fighting to protect gain our freedoms back from tyrannical rule, whether its on the state or federal level!
