**Subject:** regulation #54-73

**Message:**

Please pass regulation #54-73. As a limited distillery owner, our hands are tied up minimizing our ability to sell our products, because of the terminology in our license. Unless we are given more avenues to sell our products, we will fail as a PA small business, and all of the other local businesses that we patronize, will in turn lose our business. When we opened, we were under the impression that we would be able to do everything that a limited winery can do, because it was stated several places that the limited distillery license would mimic the limited winery license. We also thought we would be able to do off-site events and sell our products (such as the Women's Show, Taste of PA, Apple Harvest Festival, etc.). Wineries and breweries do these, but we are not allowed. Why? The only way for us to succeed and to grow and to contribute to our local economy, is with the support of our state. Please pass this and other measures to ease up on the mound of technicalities. Thank you.
