Subject: RE: Department of Community and Economic Development Final Regulation #4-96 (IRRC #3014): "Manufactured Housing Improvement"

Michelle: Good afternoon. After reviewing the Final Regulation #4-96 (IRRC (#3014)), we have determined that we have no issues with it. Since we did not see any changes from the proposed version, we stand by our earlier position and support the regulations as presented.

We appreciated the opportunity to comment on these final-form regulations. If you or anyone at the Commission have any questions, please contact me. Elam
