 Email: ra-lblegal@pa.gov

Secondary Contact: Rodrigo Diaz, Executive Deputy Chief Counsel (717) 783-9454
 (Same Contact Information)

(6) Type of Rulemaking (check applicable box):

- ☒ Proposed Regulation
☐ Final Regulation
☐ Final Omitted Regulation

- ☐ Emergency Certification Regulation;
☐ Certification by the Governor
☐ Certification by the Attorney General

(7) Briefly explain the regulation in clear and nontechnical language. (100 words or less)

The proposed rulemaking will amend section 7.10 of the Board's Regulations by increasing the minimum fines that can be imposed when the Board is asked to convert an unserved suspension into a fine, as authorized by section 468(a)(4) of the Liquor Code. The proposed regulation would increase the minimum fine for conversions subject to section 7.10(d)(1) of the Board's Regulations from one hundred dollars (\$100) to one thousand dollars (\$1,000), and would increase the minimum fine for conversions subject to section 7.10(d)(2) of the Board's Regulations from one thousand dollars (\$1,000) to three thousand dollars (\$3,000) a day.

(8) State the statutory authority for the regulation. Include specific statutory citation.

Pennsylvania Liquor Code, sections 207(i) and 468(a)(4) [47 P.S. §§ 2-207(i); 4-468(a)(4)].

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

The regulation is not mandated by any federal or state law, court order or federal regulation.

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

The proposed rulemaking will amend section 7.10 of the Board's Regulations by increasing the minimum amount of fines acceptable to the Board when the Board converts an unserved suspension to a fine.

Section 468(a)(4) of the Liquor Code [47 P.S. § 4-468(a)(4)] authorizes the Board to convert pending unserved suspensions in citation cases into monetary fines at the request of a transferee, and to make the payment of such fine a condition for the transfer of the license, if the current licensee is unable to serve the suspension. Pursuant to section 7.10 of the Board's Regulations, the Board adopted a methodology whereby it would base the fine on one-half ($\frac{1}{2}$) of the average daily gross receipts of the transferor in its last year of operation. Currently, a minimum fine of one hundred dollars (\$100) per each day of unserved suspension is imposed unless the citation is one in which the minimum fine would have been one thousand dollars (\$1,000); in those situations, the minimum fine acceptable is one thousand dollars (\$1,000) per each day of unserved suspension. [40 Pa. Code § 7.10].

The minimum fine is imposed when a licensee does not possess or fails to provide tax returns to demonstrate the gross revenue for the last calendar year of operation or when the formula results in an amount that is lower than the above-referenced minimum. Fines received by the Board in lieu of the suspension may not cover the cost, in work hours, of processing the conversion. Further, converting a suspension into a fine of one hundred dollars (\$100) diminishes the deterrent effect that was intended by the initial suspension order. If the minimum fines were increased to one thousand dollars (\$1,000) a day for non-enhanced penalty citations, and three thousand dollars (\$3,000) a day for enhanced penalty citations, these concerns would be alleviated.

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

The amended regulation is not known to be more stringent than federal regulations.

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

Fines in conversion of suspension to fine actions are regulated by neighboring states in accordance with their unique and individual systems of alcoholic beverage control. Because of this, the regulatory change should not put Pennsylvania at a competitive disadvantage.

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

The regulation will not affect any other existing or proposed regulations of the Liquor Control Board or any other state agency.

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

The Board will carefully consider any comments, recommendations or objections to the proposed regulations received during the statutory public comment period, and will respond as required.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

Those affected by this proposed amendment include retail and other licensees which must comply with the provisions of the Liquor Code and the Board's Regulations. Enforcement is the province of the Pennsylvania State Police Bureau of Liquor Control Enforcement. Increasing the minimum fines in conversion of suspension to fine actions would only affect those licensees which would have incurred a lesser fine amount under the current regulation. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

Those affected by this proposed amendment include retail and other licensees which must comply with the provisions of the Liquor Code and the Board's Regulations. Enforcement is the province of the Pennsylvania State Police Bureau of Liquor Control Enforcement. Increasing the minimum fines in conversion of suspension to fine actions would only affect those licensees which would have incurred a lesser fine amount under the current regulation. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

This regulatory change is not expected to have a substantial, adverse fiscal impact on the regulated community, since the change only affects licensees that would have been subject to the lower fine amount that is set forth in the current statute. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

This regulatory change is not expected to have any adverse fiscal impact on state and local governments, or businesses in compliance with the Liquor Code. In fact, this change will have a small, positive fiscal impact on Board revenues, nominally increasing the amount the Board remits to the Commonwealth.

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

This regulatory change is not expected to have a substantial, adverse fiscal impact on the regulated community, since the change only affects licensees that would have been subject to the lower fine amount that is set forth in the current statute. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

This regulatory change is not expected to have any adverse fiscal impact on state and local governments, or businesses in compliance with the Liquor Code. In fact, this change will have a small, positive fiscal impact on Board revenues, nominally increasing the amount the Board remits to the Commonwealth.

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

This regulatory change is not expected to have a substantial, adverse fiscal impact on the regulated community, since the change only affects licensees that would have been subject to the lower fine amount that is set forth in the current statute. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

This regulatory change is not expected to have any adverse fiscal impact on state and local governments, or businesses in compliance with the Liquor Code. In fact, this change will have a small, positive fiscal impact on Board revenues, nominally increasing the amount the Board remits to the Commonwealth.

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

This regulatory change is not expected to have any adverse fiscal impact on local governments.

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

This regulatory change may have a small, positive fiscal impact on Board revenues from the increased fines from conversions, nominally increasing the amount the Board remits to the Commonwealth.

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

Because the proposed regulatory change only affects the amount of the fines in conversion of suspension to fine actions, and only in those cases in which the licensee requests such a conversion, the regulation is not expected to affect legal, accounting or consulting procedures and should not require any additional reporting, recordkeeping or other paperwork. Similarly, the regulation is not expected to require any additional measures by state or local governments in order to implement the regulation.

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY Year	FY +1 Year	FY +2 Year	FY +3 Year	FY +4 Year	FY +5 Year
SAVINGS:	\$	\$	\$	\$	\$	\$
Regulated Community	0	0	0	0	0	0
Local Government	0	0	0	0	0	0
State Government	Minimal	Minimal	Minimal	Minimal	Minimal	Minimal
Total Savings	0	0	0	0	0	0
COSTS:						
Regulated Community	Minimal	Minimal	Minimal	Minimal	Minimal	Minimal
Local Government	0	0	0	0	0	0
State Government	0	0	0	0	0	0
Total Costs	0	0	0	0	0	0
REVENUE LOSSES:						

Regulated Community	0	0	0	0	0	0
Local Government	0	0	0	0	0	0
State Government	0	0	0	0	0	0
Total Revenue Losses	0	0	0	0	0	0

(23a) Provide the past three year expenditure history for programs affected by the regulation.

Program	FY -3	FY -2	FY -1	Current FY
N/A	N/A	N/A	N/A	N/A

(24) For any regulation that may have an adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), provide an economic impact statement that includes the following:

- (a) An identification and estimate of the number of small businesses subject to the regulation.
- (b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.
- (c) A statement of probable effect on impacted small businesses.
- (d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

No special regulatory methods to minimize any adverse impact on small businesses were considered because the minimal adverse fiscal impact to the regulated community will only affect those licensees who have been found to be in non-compliance with the Liquor Code and/or the Board's Regulations, and who have requested from the Board a conversion of unserved suspension days into a fine. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

No special provisions have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

Non-regulatory alternatives were not considered because the regulation will only affect those licensees who have been found to be in non-compliance with the Liquor Code and/or the Board's Regulations, and who have requested from the Board a conversion of unserved suspension days into a fine.

(27) In conducting a regulatory flexibility analysis, explain whether regulatory methods were considered that will minimize any adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), including:

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performing standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the regulation.

No special regulatory methods to minimize any adverse impact on small businesses were considered because the minimal adverse fiscal impact to the regulated community will only affect those licensees who have been found to be in non-compliance with the Liquor Code and/or the Board's Regulations, and who have requested from the Board a conversion of unserved suspension days into a fine.

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or

supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

The Board has not relied on data to justify this regulation.

(29) Include a schedule for review of the regulation including:

- | | |
|---|-----------------------|
| A. The date by which the agency must receive public comments: | <u>September 2013</u> |
| B. The date or dates on which public meetings or hearings will be held: | <u>None</u> |
| C. The expected date of promulgation of the proposed regulation as a final-form regulation: | <u>October 2013</u> |
| D. The expected effective date of the final-form regulation: | <u>October 2013</u> |
| E. The date by which compliance with the final-form regulation will be required: | <u>October 2013</u> |
| F. The date by which required permits, licenses or other approvals must be obtained: | <u>N/A</u> |

(30) Describe the plan developed for evaluating the continuing effectiveness of the regulations after its implementation.

Review of the regulations is ongoing and any changes will be through the rulemaking process.

TITLE 40—LIQUOR

CHAPTER 7. TRANSFER, EXTENSION, SURRENDER, EXCHANGE AND SUSPENSION OF LICENSES
SUBCHAPTER C. TRANSFER OF LICENSES

The following Section is proposed to be amended:

7.10. Conversion of suspension to fine.

PROPOSED RULEMAKING
LIQUOR CONTROL BOARD

40 PA. CODE CHAPTER 7

Increasing Fines in Conversion of Suspension to Fine Actions

The Liquor Control Board ("Board"), under the authority of section 207(i) of the Liquor Code (47 P.S. § 2-207(i)), amends Chapter 7.

Summary

The proposed rulemaking will amend section 7.10 of the Board's Regulations by increasing the minimum amount of fines acceptable to the Board when the Board converts an unserved suspension to a fine.

Section 468(a)(4) of the Liquor Code [47 P.S. § 4-468(a)(4)] authorizes the Board to convert pending unserved suspensions in citation cases into monetary fines at the request of a transferee, and to make the payment of such fine a condition for the transfer of the license, if the current licensee is unable to serve the suspension. Pursuant to section 7.10 of the Board's Regulations, the Board adopted a methodology whereby it would base the fine on one-half (½) of the average daily gross receipts of the transferor in its last year of operation. Currently, a minimum fine of one hundred dollars (\$100) per each day of unserved suspension is imposed unless the citation is one in which the minimum fine would have been one thousand dollars (\$1,000); in those situations, the minimum fine acceptable is one thousand dollars (\$1,000) per each day of unserved suspension. [40 Pa. Code § 7.10].

The minimum fine is imposed when a licensee does not possess or fails to provide tax returns to demonstrate the gross revenue for the last calendar year of operation or when the formula results in an amount that is lower than the above-referenced minimum. Fines received by the Board in lieu of the suspension may not cover the cost, in work hours, of processing the conversion. Further, converting a suspension into a fine of one hundred dollars (\$100) diminishes the deterrent effect that was intended by the initial suspension order. If the minimum fines were increased to one thousand dollars (\$1,000) a day for non-enhanced penalty citations, and three thousand dollars (\$3,000) a day for enhanced penalty citations, these concerns would be alleviated.

Affected Parties

Those affected by this proposed amendment include retail and other licensees which must comply with the provisions of the Liquor Code and the Board's Regulations. Enforcement is the province of the Pennsylvania State Police Bureau of Liquor Control Enforcement. Increasing the minimum fines in conversion of suspension to fine actions would only affect those licensees which would have incurred a lesser fine amount under the current regulation. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

Paperwork Requirements

The Board does not anticipate that this regulatory change will affect the amount of paperwork or administrative costs of the regulated community.

Fiscal Impact

This regulatory change is not expected to have a substantial, adverse fiscal impact on the regulated community, since the change only affects licensees that would have been subject to the lower fine amount that is set forth in the current statute. In 2012, the Board converted suspensions to fines in six (6) cases, five (5) of which would have been affected by the proposed regulatory change. As of May 31, 2013, the Board has converted suspensions to fines in two (2) cases, both of which would have been affected by the proposed regulatory change.

This regulatory change is not expected to have any adverse fiscal impact on state and local governments. In fact, this change will have a small, positive fiscal impact on Board revenues, nominally increasing the amount the Board remits to the Commonwealth.

Effective Date

These regulations will become effective upon publication in final form in the *Pennsylvania Bulletin*.

Public Comment/Contact Person

Written comments, suggestions or objections will be accepted for 30 days after publication of the proposed regulation in the *Pennsylvania Bulletin*. Comments should be addressed to Alan Kennedy-Shaffer, Assistant Counsel, or Rodrigo Diaz, Executive Deputy Chief Counsel, Office of Chief Counsel, Pennsylvania Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on _____, 2013, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to IRRC and to the Chairpersons of the House Liquor Control Committee and the Senate Law and Justice Committee. A copy of this material is available to the public upon request.

Under Section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed regulations within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria that have not been met. The Act specifies detailed procedures for review, prior to final publication of the regulation, by the agency, the General Assembly and the Governor of all comments, recommendations or objections.

Joseph E. Brion
Chairman

ANNEX A

TITLE 40. LIQUOR

Part I. LIQUOR CONTROL BOARD

CHAPTER 7. TRANSFER, EXTENSION, SURRENDER, EXCHANGE AND SUSPENSION OF LICENSES

SUBCHAPTER C. TRANSFER OF LICENSES

§ 7.10. Conversion of suspension to fine.

(d) The fine will be calculated by application of the following formula: [Gross earnings of the transferor divided by 365 (or the number of days in operation in the transferor's last year of operation) multiplied by .50. The resulting figure is the amount of the fine per day of suspension, subject to the following exceptions:]

(1) If the suspension was issued for a citation for which the minimum fine, if a fine had been imposed, is one hundred dollars (\$100), a minimum fine of one thousand dollars (\$1,000) [If the amount is less than \$100 per day, a fine of \$100] per day will be set.

(2) If the suspension was issued for a citation for which the minimum fine, if a fine had been imposed, is one thousand dollars (\$1,000) [that required a minimum fine amount of \$1,000 per day], a minimum fine of three thousand dollars (\$3,000) [\$1,000] per day will be set.

CHIEF COUNSEL
PENNSYLVANIA LIQUOR CONTROL BOARD

Telephone: 717-783-9454

Submitted herewith is a copy of proposed amendments to section 7.10 of the regulations of the Pennsylvania Liquor Control Board, increasing fines in conversion of suspension to fine actions. Enclosed documents include copies of the signed CDL-1 face sheet, preamble and Annex A (regulatory text), and regulatory analysis form.

These amendments are also being delivered today to the legislative oversight committees and the Legislative Reference Bureau. They have already been approved by the Office of Attorney General as to form and legality. They have also been delivered to the Governor's Budget Office for issuance of a fiscal note.

Any questions and comments about this regulatory submission should be directed to Alan Kennedy-Shaffer, Assistant Counsel, or Rodrigo Diaz, Executive Deputy Chief Counsel, at (717) 783-9454.
