Subject: Support Ch. 78 oil and gas drilling rules

I am writing to urge you to support proposed oil & gas drilling rules known as "Chapter 78." These much-needed safeguards are five years in the making, and are critical to protecting Pennsylvanians' health and environment from the risks of drilling, including hazardous open-air waste pits. Please support and finalize these rules for the sake of Pennsylvania's air, water, and public health.

Subject: Support Ch. 78 oil and gas drilling rules

I am writing to urge you to support proposed oil & gas drilling rules known as "Chapter 78." These much-needed safeguards are five years in the making, and are critical to protecting Pennsylvanians' health and environment from the risks of drilling, including hazardous open-air waste pits. Please support and finalize these rules for the sake of Pennsylvania's air, water, and public health. In addition, please work toward eliminating fracking in PA. It has been proven to be dangerous for the environment and for people.
