Subject: Support Ch. 78 oil and gas drilling rules

Please support the proposed oil & gas drilling rules known as "Chapter 78." These much-needed safeguards are five years in the making, and are critical to protecting Pennsylvanians' health and environment from the risks of drilling, including hazardous open-air waste pits.

I am very concerned about the consequences of drilling and fracking, particularly when it is unregulated. Please support and finalize these rules for the sake of Pennsylvania's air, water, and public health.
