Hello,

Please find attached an additional 20 letters to IRRC urging a swift passage of Chapter 78 oil and gas rules. Clean Water Action's organizing team collected these last night. As stated in the previous email we ask that you take these letters into account in your meeting today and that you followup with the letter writers. Please also reply to this email certifying receipt.

Thank you,

Independent Regulatory Review Commission

Dear Commission,

Please implement Chapter 78 rules to ban frack pits in Pennsylvania.

Countless environmental problems will continue to remain unchecked if we allow these regulations to be derailed.

As a Pennsylvania resident I am deeply concerned about the problem of water contamination if new regulations are not adopted.

Sincerely,
