Dear IRRC,

As a taxpayer and sportsmen of the commonwealth, I urge you to vote YES to approve the changes in both Chapter 78 ("unconventional" wells such as shale gas wells) and 78a ("conventional" gas wells which have destructive impacts and are mostly fracked as well) and not to cave in to these special interest corporations and their shills. People are suffering where drilling is occurring and IRRC must act to protect them and the environment.

Sincerely,
William Hannisch
