Please support and finalize these rules for the sake of Pennsylvania's air, water, and public health.

Brian Kelly
9 School Rd.
Horsham, PA 19044
I am writing to urge you to support proposed oil & gas drilling rules known as "Chapter 78." These much-needed safeguards are five years in the making, and are critical to protecting Pennsylvanians' health and environment from the risks of drilling, including hazardous open-air waste pits. Please support and finalize these rules for the sake of Pennsylvania's air, water, and public health.
