**Comments entered:**

gas and oil drillers should be TAXED at at least 5 1/2% and should be taxed additionally on additional VOLUMN of gas/oil taken over a certain amount.

regulations should be STATEWIDE , NOT rules that make Bucks County safe but that say the hell with the health or devastation visited upon the rest of Pa.(& I live in Bucks County)

companies should be monitored for safety to the ENVIRONMENT and should have to list all chemicals in the fracking material

drilling or no drilling should be regulated locally.

forests, streams and soil should be protected from pollution.

politicians should have NO SAY in determining endangered species.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,  
Hayley Book
