Regulation No. 18-450 (#3055)
Department of Transportation
Display of Registration Plates

On April 22, 2014, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking amends 67 Pa. Code Chapter 47. The proposed regulation was published in the May 3, 2014 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on September 19, 2014.

This regulation designates the placements of registration plates when two person with a disability, disabled veteran or severely disabled veteran plates are issued for a vehicle which has a carrier attached for the purpose of transporting a wheelchair or similar personal assistive device.

We have determined this regulation is consistent with the statutory authority of the Department of Transportation (75 Pa. C.S. § 1332) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.

John F. Mizner, Esq., Chairman
