Subject: Re: Proposed final Regulations for PA O&P Professionals

Dear Sir/ Madam;

My names is Thomas Morrissey. I am the CEO of Boston Brace/ NOPCO. We operate full service Orthotic and Prosthetic clinics in Pennsylvania and in several other states. We are also a central fabricator of orthotic devices for several other Pennsylvania based Orthotic and Prosthetic clinics.

I am writing to you today to express our concerns regarding the proposed final regulations for the licensing of O&P professionals in Pennsylvania. We are in full agreement with the concerns raised to you by the Pennsylvania Orthotic and Prosthetic Society in a document dated October 19, 2015- Comments and Objections 16A-4943-Prosthetists, Orthotists, Pedorthists and Orthotic Fitters.

We believe these proposed regulations go well beyond what was intended by the PA legislature, and we respectfully ask that you reconsider the issues our Society is raising and make the necessary, requested adjustments to these regulations.

Thank you in advance for your consideration to this matter. If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

Thomas Morrissey
President and CEO
