**Subject:** RE: Final Regulation "Industrial Housing and Components"

Jim: Good morning. We have reviewed the Department of Community and Economic Development final regulation "Industrial Housing and Components," 12 PA. Code CH. 145 (#4-95, IRRC #3063) and contend that the final regulation does not change our position from the proposed regulations that we had reviewed earlier. It is our contention that these regulations will not impose any additional requirements and/or costs to our membership.

We appreciate the opportunity to review and comment on regulations before IRRC, and look forward to working with you in the future. Elam
