Subject: Asynchronous chiropractic ce credits

2014 AUG 29 AM 11: 44

To whom it may concern

I am writing this message to urge that we be afforded the same privileges as other health care professionals and be allowed to continue to fulfill our ce credits fully in an asynchronous environment. The financial burden of travel expenses and office closures is great. There is also issues with geographical distances for most chiropractors which is also a major burden.

Thank you for your time and consideration.
