**Subject:** Asynchronous online CEs

2014 SEP -3 PM 2: 22

I am strongly in favor of maintaining the current regulations allowing us to have all of our CEs completed via asynchronous courses. If the medical field can fulfill their CEs in this manner we should maintain the option to do this as well. If individuals can receive bachelor's degrees and/or master's degrees using these courses DCs should also have the option to complete their CEs in that manner. It sounds as if there is an effort to try to put more money into the pockets of individual DCs that travel the country offering their dry and often times very uninformative seminars. In closing, please allow PA chiropractors to continue to meet ALL their CEs by means of asynchronous online courses.

Sincerely,  
Jamey Speigle
