(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as as, any deadlines for action.	
No, this regulation is not mandated by Federal or State law, court order or regulations.	

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

Sections 8.1(b) and 12(a)(4) and (6) of the Nursing Home Administrators License Act (act) (63 P.S. §§ 1108.1(b) and 1112(a)(4) and (6)) authorize the Board to discipline licensees who have been convicted of or plead guilty or nolo contendere to any felony, or receive probation without verdict, disposition in lieu of trial or ARD in the disposition of felony charges. However, the Board's regulations do not require that its licensees report these convictions and other dispositions to the Board in advance of biennial renewal. As such, it may be almost 2 years before the Board first learns of these matters. To ensure that the Board receives information about these convictions/dispositions in a timelier manner, the Board is adding § 39.92 (relating to reporting of crimes and disciplinary actions) to expedite the reporting of felonies. In addition, because the Board is adding regulations regarding the reporting of felonies, the Board believes that it is prudent to also add provisions requiring the reporting of disciplinary sanctions taken by other states against licensees as required by section 9.1 of the act (63 P.S. § 1109.1).

Similarly, although section 13(a.1) of the act (63 P.S. § 1113(a.1)) requires licensees to return suspended and revoked licenses to the Board, there is no provision in the Board's regulations to require that they be returned within a specified time. To ensure that licensees return their licensure documents in a timelier manner, the Board is adding § 39.93 (relating to return of actively suspended or revoked licenses) requiring their return within 30 days of a voluntary surrender, suspension or revocation.

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

There are no Federal licensure standards.

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

The final regulations do not adversely affect Pennsylvania's ability to compete with other states.

The states are divided in connection with requiring reporting of criminal convictions and disciplinary actions. Of the states that responded to the Board's inquiry, about 1/3 required notification ranging from contemporaneously to within 30 days of the action, 1/3 require notification upon renewal and less than 1/3 only require notification at initial licensure. New Jersey has contemporaneous reporting through a fingerprinting system and West Virginia requires reporting within 30 days. New York, Maryland and Ohio require reporting at renewal.

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

The regulation will not affect other regulations of the Board or other state agencies.

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

In preparing this rulemaking, the Board shared drafts of the proposed amendments with stakeholders and interested parties. See Attachment 1 for the list of specific persons and/or groups who were involved. Following publication, the Board did not receive any comments from the public, the Legislative committees or the Independent Regulatory Review Commission.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

There are 1,882 active nursing home administrator licensees in Pennsylvania. According to the Pennsylvania Department of Labor and Industry in 2008, in the category of "Medical and Health Services Managers," 1,094 individuals worked in "nursing care facilities," while 751 individuals worked in "community care facility for the elderly."

For the business entities listed above, small businesses are defined in Section 3 of Act 76 of 2012, which provides that a small business is defined by the U.S. Small Business Administration's (SBA) Small Business Size Regulations under 13 CFR Ch. 1 Part 121. Specifically, the SBA has established these size standards at 13 CFR 121.201 for types of businesses under the North American Industry Classification System (NAICS). In applying the NAICS standards to the types of businesses where nursing home administrators work, a small business in a "nursing care facility (skilled nursing facilities)" is one with \$25.5 million or less in annual receipts. Likewise, "continuing care retirement communities" are also \$25.5 million or less in annual receipts. In considering all of these small business thresholds set by NAICS for the businesses in which nursing home administrators work, it is probable that most of the 1,882 licensed nursing home administrators work in small businesses.

The Board estimates that nursing home facilities with approximately 300 beds generally have annual receipts at the threshold amount of \$25.5 million. Based on data provided by the Pennsylvania Department of Health, of the 711 nursing homes in Pennsylvania, 687 (or 97 %) have 300 or fewer beds and would be considered small businesses, while 24 nursing homes (or 3 %) have more than 300 beds. Therefore, the Board concludes that a very large majority of the Pennsylvania nursing homes should be categorized as small businesses.

Although many licensed nursing home administrators work in small businesses, all licensees will be affected equally by the provisions in this regulation, whether or not these licensees work in small or large businesses. The licensees will benefit from these amendments and clarifications to the regulations.

This regulation package does not apply to small or large nursing homes. Because it changes timeframes for licensees to report crimes and disciplinary actions, it affects individuals rather than the small or large businesses in which they work.

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

There are 1,882 nursing home administrators licensed by the Board, including those who work for small businesses, which will be required to comply with the rulemaking.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

The requirement that nursing home administrators report felony criminal actions and disciplinary sanctions to the Board within 30 and 90 days, respectively, should have a slight fiscal and paperwork impact on the Board and licensees. Currently, licensees report this information on their biennial renewal applications. Under this proposal, these reports must be made sooner, triggering additional paperwork responsibilities for licensees. The Board anticipates that it will see an increase in reports as licensees comply with the regulatory requirement thereby incurring additional enforcement costs.

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

Requiring licensees to report felony criminal convictions within 30 days of action and disciplinary actions within 90 days of the disposition benefits the public as the Board will receive more timely notice of actions impacting licensees and recipients of services from nursing home administrators. As a result, the Board will be better able to protect the public by reviewing such actions closer in time to their occurrences.

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

This regulation will impose, at best, a slight increase in costs on the regulated community. Currently such reports are made as part of the biennial renewal application. Under this proposal, licensees will be required to report felony criminal convictions and disciplinary actions to the Board in a shorter timeframe, other than at biennial renewal. At this time, the Bureau of Professional and Occupational Affairs is developing an electronic reporting process that will lessen any burden on licensees.

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

There are no costs or savings to local governments associated with compliance with the rulemaking.

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

Savings: None.

Costs: Licensees are currently required to report criminal and disciplinary actions. If the number increases over what is currently reported at biennial renewal, the Board may incur increased enforcement costs. Because the Board cannot calculate the number of reports it will receive, it cannot, with a reasonable degree of certainty, predict the actual costs of enforcement. However, assuming that all licensees who were convicted of felonies or received disciplinary action in another state truthfully report to the Board, the only difference should be in the timing of the reports, not the number of reports.

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

Under this proposal, licensees will be required to report felony criminal convictions, pleas of guilty or nolo contendere, or admissions into a probation without verdict, disposition in lieu of trial or ARDs as well as disciplinary actions taken by other states and jurisdictions. Once received by the Board, the reports will be sent to the Bureau of Professional and Occupational Affairs' Professional Compliance Office (PCO) for processing. No specific forms are required for licensees to complete.

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY	FY +1	FY +2	FY +3	FY +4	FY +5

(23a) Provide the past three year expenditure history for programs affected by the regulation.

Program	FY -3	FY -2	FY -1	Current FY
	13-14	14-15	15-16	16-17
	(Actual)	(Actual)	(Projected)	(Budgeted)
State Board of Examiners of Nursing Home Administrators	\$134,907.28	\$118,942.95	\$238,654.62	\$230,000.00

- (a) An identification and estimate of the number of small businesses subject to the regulation.
- (b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.
- (c) A statement of probable effect on impacted small businesses.
- (d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

There is no small business impact. Licensees are already required to report crimes and disciplinary actions at biennial renewal. Employers, be they small or large businesses, have no obligations under these regulations. As noted above, there are approximately 711 nursing homes in Pennsylvania and 97% of them would be considered small businesses. The projected reporting costs are negligible amounting to the cost of mailing a letter to the Board informing the Board of a felony conviction/disposition or disciplinary action taken by another state. In addition, the Bureau is currently developing an online process to report these actions to the Board, which will further reduce the costs associated with making these reports. However, these costs are imposed on the individual licensee, not the nursing home. The Board believes this regulation represents the least burdensome method of achieving the purpose of the proposal.

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

No groups with particular needs have been identified.

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

No alternatives have been considered as the requirements of this regulation are not burdensome on licensees. Furthermore, requiring licensees to report criminal and disciplinary actions is the most expeditious way to obtain this information.

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performing standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the regulation.

There is no small business impact as the requirements fall on individual nursing home administrators and not on their employers. Less stringent reporting requirements or schedules or deadlines or exemptions for licensees employed by small businesses would be contrary to the public interest.

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

This rulemaking is not based upon any scientific data, studies or references.

- (29) Include a schedule for review of the regulation including:
 - A. The date by which the agency must receive public comments: The public comment period ended on September 15, 2014.
 - B. The date or dates on which public meetings or hearings will be held: No specific date has been scheduled. The Board holds regularly scheduled public meetings and considers public comment at those meetings.
 - C. The expected date of promulgation of the proposed regulation as a final-form regulation: Fall 2016.
 - D. The expected effective date of the final-form regulation: Upon publication in the PA Bulletin.
 - E. The date by which compliance with the final-form regulation will be required: **Upon publication in the PA Bulletin.**
 - F. The date by which required permits, licenses or other approvals must be obtained: N/A
- (30) Describe the plan developed for evaluating the continuing effectiveness of the regulations after its implementation.

The Board regularly evaluates the effectiveness of its regulations. Additionally, the Board regularly reviews requests by licensees and members of the public to amend its regulations causing the Board to evaluate the regulations' impact and necessity. The Board reviews all regulatory proposals at regularly scheduled meetings. The Board meeting dates for the remainder of 2016 are: October 5 and December 7, 2016.

FINAL RULEMAKING

COMMONWEALTH OF PENNSYLVANIA **DEPARTMENT OF STATE** BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS STATE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS

49 Pa. Code §§ 39.92 and 39.93

NOTICE REQUIREMENTS

16A-6217 – Notice Requirements Final Preamble August 29, 2016

The State Board of Examiners of Nursing Home Administrators (Board) hereby adopts §§ 39.92 and 39.93 (relating to reporting of crimes and disciplinary actions; and return of actively suspended or revoked licenses) to read as set forth in Annex A.

Effective Date

The amendments will be effective upon publication of the final-form rulemaking in the *Pennsylvania Bulletin*.

Statutory Authority

Sections 8.1(b) and 12(a)(4) and (6) of the Nursing Home Administrators License Act (act) (63 P.S. §§ 1108.1(b) and 1112(a)(4) and (6)) authorize the Board to discipline licensees who have been convicted of or plead guilty or nolo contendere to any felony or have been disciplined by the licensing authority of another state, territory or country. Section 9.1 of the act (63 P.S. §§ 1109.1) requires licensees to notify the Board of disciplinary sanctions by other licensing Boards within 90 days of disposition or on biennial renewal applications, whichever is sooner. Additionally, section 13(a.1) of the act (63 P.S. § 1113(a.1)) directs the Board to require a person whose license has been suspended or revoked to return the license in the manner the Board directs.

Background and Purpose

Although the above cited statutory provisions authorize the Board to discipline licensees with felony convictions, the Board's regulations do not require that its licensees report these convictions to the Board in advance of biennial renewal. As such, it may be almost 2 years before the Board first learns of the convictions. To ensure that the Board receives information about these convictions in a timelier manner, the Board is adding § 33.92 to expedite the reporting of felony convictions. Because the Board is adding the reporting requirements for felony convictions, the Board finds it prudent to include the reporting requirement for disciplinary sanctions taken by other states against licensees as provided in section 9.1 of the act.

Additionally, although the act directs the Board to require licensees to return suspended and revoked licenses to the Board, there was no requirement that they be returned within a specified time. To ensure that licensees return their licensure documents in a timelier manner, the Board is adding § 39.93 requiring their return within 30 days of a voluntary surrender, suspension or revocation.

Summary and Responses to Comments

Notice of the proposed rulemaking was published at 44 Pa.B. 5490 (August 16, 2014). Publication was followed by a 30-day public comment period during which the Board did not receive any comments. The Independent Regulatory Review Commission (IRRC) submitted a

16A-6217 – Notice Requirements Final Preamble August 29, 2016

letter advising that it does not have any objections, comments or recommendations. Neither the House Professional Licensure Committee (HPLC) nor the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC) submitted comment.

As there were no comments, objections or recommendations regarding the proposed rulemaking, the Board has made no substantive amendments to the final-form rulemaking. However, the Board is correcting an error made in the publication of the proposed rulemaking pertaining to the use of the legal term of art "disposition in lieu of trial" which is used in section 12(a)(4) of the act and is commonly used in criminal law. See, for example, section 18 of the Controlled Substance, Drug, Device and Cosmetic Act (35 P.S. § 780-118).

Fiscal Impact and Paperwork Requirements

The requirement that licensees report criminal actions and disciplinary sanctions to the Board within 30 and 90 days, respectively, should have a slight fiscal and paperwork impact on the Board and licensees. Currently, licensees report this information on their biennial renewal applications. Under this final-form rulemaking, these reports must be made sooner, triggering additional paperwork responsibilities for licensees. The Board anticipates that it will see an increase in reports as licensees comply with the regulatory requirement thereby incurring additional enforcement costs.

Sunset Date

The Board continuously monitors the effectiveness of its regulations. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on August 5, 2014 the Board submitted notice of this proposed rulemaking, published at 44 *Pa.B.* 5490 (August 16, 2014), to IRRC and the Chairpersons of the HPLC and SCP/PLC for review and comment. No comments were received.

16A-6217 – Notice Requirements Final Preamble August 29, 2016

Findings

The State Board of Examiners of Nursing Home Administrators finds that:

- Public notice of intention to adopt a regulation at 49 Pa. Code, Chapter 39, was given under sections 201 and 202 of the Act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201-1202) and the regulations promulgated under those sections at 1 Pa. Code §§ 7.1-7.2.
- (2) A public comment period was provided as required by law, but no comments were received.
- (3) These amendments to Chapter 39 are necessary and appropriate for the regulation of nursing home administrators in the Commonwealth.

Order

The Board therefore ORDERS that:

- (A) The regulations of the State Board of Examiners of Nursing Home Administrators, 49 Pa. Code, Chapter 39, are amended to read as set forth in Annex A.
- (B) The Board shall submit a copy of Annex A to the Office of the Attorney General and the Office of General Counsel for approval as required by law.
- (C) The Board shall submit this order and Annex A to IRRC, the HPLC and the SCP/PLC as required by law.
- (D) The Board shall certify this Order and Annex and shall deposit them with the Legislative Reference Bureau as required by law.
- (E) The regulations shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 39. STATE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS

STANDARDS OF PROFESSIONAL PRACTICE AND PROFESSIONAL CONDUCT

§ 39.92. Reporting of crimes and disciplinary actions.

- (a) A licensee shall notify the Board of having been convicted of a felony, or having received probation without verdict, disposition instead. IN LIEU of trial, or an Accelerated Rehabilitative Disposition in the disposition of felony charges, within 30 days of the conviction or other disposition, or on the biennial renewal application, whichever is sooner. As used in this section, the term "convicted" includes a judgment, an admission of guilt or a plea of nolo contendere.
- (b) A licensee shall notify the Board of disciplinary action in the nature of a final order taken against the licensee by the licensing authority of another state, territory or country within 90 days of receiving notice of the disciplinary action, or on the biennial renewal application, whichever is sooner.

§ 39.93. Return of actively suspended or revoked licenses.

A licensee who has voluntarily surrendered a license instead of discipline or whose license has been actively suspended or revoked by the Board shall return the surrendered, suspended or revoked license to the Board within 30 days of the action.
