(7) Briefly explain the regulation in clear and nontechnical language. (100 words or less)

In order to eliminate redundancies and inconsistencies between the general State forest regulations in Chapter 21 and the State forest picnic area regulations in Chapter 23, this proposed rulemaking consolidates the two sets of regulations into Chapter 21 and eliminates Chapter 23.

In addition to consolidating the two chapters, the purpose of this proposed rulemaking is to reorganize, update, and clarify State forest regulations. A provision on ground blinds and tree stands is added.

Conservation and Natural Resources Act, 71 P.S. §§ 1340.302, 1340.313 and 1340.502

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

By clarifying and updating Chapter 21, and by consolidating the State forest picnic area regulations (Chapter 23) into Chapter 21, this rulemaking will improve the protection of State forest resources, the safety of visitors and the recreational opportunities of State forest visitors. Over 250,000 visits are made annually to Pennsylvania State forests.

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

Not applicable.

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

These regulations are comparable to state forest regulations of other states. They are not anticipated to affect Pennsylvania's ability to compete with other states.

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

These regulations will not affect any other DCNR regulations or those of other state agencies.

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

The Department solicited early feedback by releasing an exposure draft of this rulemaking and received input from: Conservation and Natural Resources Advisory Council; PA Trail Riders Association, Recreation Advisory Committee; Governor's Advisory Council for Hunting, Fishing, and Conservation; Pennsylvania Game Commission; and Pennsylvania Fish and Boat Commission. The draft was also reviewed internally across multiple bureaus within DCNR.

Each council/committee and the two commissions were given a draft version of the proposed

[Type text]

rulemaking and were encouraged to provide feedback and comments to the Department. Also, general discussion occurred among the councils at regular business meetings.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

Over 250,000 visits are made annually to each Pennsylvania State forest, and this rulemaking will affect these visitors. However, the changes proposed in this rulemaking will not affect businesses, small businesses or organizations that operate on or utilize state forest lands, which include timbering operations and businesses that provide outdoor recreation opportunities to the public.

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

This rulemaking will affect visitors to State forests. Over 250,000 visits are made annually to each Pennsylvania State forest. The rulemaking will not affect small businesses.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

By clarifying and updating Chapter 21, and by consolidating the State forest picnic area regulations (Chapter 23) into Chapter 21, this rulemaking will improve the protection of State forest resources, the safety of visitors and the recreational opportunities of State forest visitors. Eliminating redundancies and discrepancies and consolidating the two sets of regulations will make the regulations easier to understand by the public and will facilitate compliance.

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

There are no expected costs, so the benefits from improving the overall quality of recreational opportunities outweigh any costs or adverse effects.

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

No anticipated costs and/or savings to the regulated community associated with this rulemaking.

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

No anticipated costs and/or savings to local governments associated with this rulemaking.

[Type text]

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

No anticipated costs and/or savings to state government associated with this rulemaking.

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

There will be no additional procedures, forms, or reports.

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

Not applicable.

	Current FY Year	FY +1 Year	FY +2 Year	FY +3 Year	FY +4 Year	FY +5 Year
SAVINGS:	\$	\$	\$	\$	\$	\$
Regulated Community						
Local Government						
State Government

REVENUE LOSSES:

(23a) Provide the past three year expenditure history for programs affected by the regulation.

Not applicable.

Program	FY -3	FY -2	FY -1	Current FY

(24) For any regulation that may have an adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), provide an economic impact statement that includes the following:

- (a) An identification and estimate of the number of small businesses subject to the regulation.
- (b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.
- (c) A statement of probable effect on impacted small businesses.
- (d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

As described in Paragraph 15, above, there is no adverse impact expected on small businesses.

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

Not applicable.

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

The Department considered the status quo and determined that eliminating redundancies and discrepancies and consolidating the two Chapters is the least burdensome acceptable alternative. This proposed rulemaking will provide clarity to the public and facilitate compliance with the regulations

without additional cost being incurred by the regulated community.

(27) In conducting a regulatory flexibility analysis, explain whether regulatory methods were considered that will minimize any adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), including:

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performing standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the regulation.

The Department considered the impact this rulemaking will have on small businesses and determined that no adverse impact to small businesses is expected because the changes proposed in this rulemaking affects visitors to Pennsylvania State Forests, but not the small businesses that operate on or utilize state forest lands.

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

Not applicable.

(29) Include a schedule for review of the regulation including:

- A. The date by which the agency must receive public comments:
30 days after publication of proposed rulemaking in the *Pennsylvania Bulletin*.
- B. The date or dates on which public meetings or hearings will be held: No public meetings or hearings will be held.
- C. The expected date of promulgation of the proposed regulation as a final-form regulation: January/February 2015
- D. The expected effective date of the final-form regulation: Date of publication in the *Pennsylvania Bulletin*.
- E. The date by which compliance with the final-form

[Type text]

regulation will be required: Effective date.

F. The date by which required permits, licenses or other approvals must be obtained: Not applicable

(30) Describe the plan developed for evaluating the continuing effectiveness of the regulations after its implementation.

Chapter 21 will be reviewed annually.

PROPOSED RULEMAKING
COMMONWEALTH OF PENNSYLVANIA

17 PA. CODE, CH. 21 & 23
State Forests-General Provisions; State Forest Picnic Areas

PROPOSED RULEMAKING

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

17 PA. CODE CH. 21 & 23

State Forests—General Provisions; State Forest Picnic Areas

The Department of Conservation and Natural Resources (Department or DCNR), Bureau of Forestry (Bureau) proposes to amend Chapter 21 (relating to State forests—general provisions) and eliminate Chapter 23 (State forest picnic areas). Chapters 21 and 23 will be consolidated into Chapter 21.

A. *Effective Date*

This proposed rulemaking will go into effect upon final-form publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

For further information, contact Matt Beaver, Chief, Operations and Recreation Division, Bureau of Forestry, Department of Conservation and Natural Resources, P. O. Box 8552, Harrisburg, PA 17105-8552, 717-783-7941, or Wendy Carson, Assistant Counsel, Office of Chief Counsel, Department of Conservation and Natural Resources, P.O. Box 8767, Harrisburg, PA 17105, 717-772-4171. Persons with a disability may use 1-800-654-5984 (TTY). This proposed rulemaking is posted on the Department's website: www.dcnr.state.pa.us.

C. *Statutory Authority*

This proposed rulemaking is made under the authority of §§ 302, 313 and 502 of the Conservation and Natural Resources Act, 71 P.S. §§ 1340.302, 1340.313 and 1340.502; and the Crimes Code, 18 Pa.C.S. §§ 7505 and 7506.

D. *Background and Purpose*

17 Pa. Code Chapter 21 applies to all state forest land, including picnic areas. Chapter 23 applies solely to picnic areas. There are several redundancies and inconsistencies between the two chapters and because there is no particular benefit to maintaining these regulations in two chapters, this proposed rulemaking consolidates the general state forest rules and the state forest picnic area rules into one chapter, Chapter 21.

Chapters 21 and 23 of Title 17 of the *Pennsylvania Code* were last revised in 1999 and 2003, respectively. In addition to consolidating the two chapters, the purpose of this proposed

rulemaking is to reorganize, update, and clarify state forest regulations. A new provision on ground blinds and tree stands is added.

Because this proposed rulemaking consolidates Chapter 23 with Chapter 21 and reorganizes Chapter 21, all sections in the current Chapter 21 are deleted and replaced by sections with new numbers. In the *Pennsylvania Code*, the sections that are deleted, 21.1 through 21.80, will be notated as “reserved.” The new sections are numbered 21.101 through 21.124.

E. *Summary of regulatory requirements*

Definitions (§ 21.101). This section replaces § 21.1 (definitions). The following terms are added:

- Act
- All-terrain vehicle
- Crimes Code
- Department
- Fish and Boat Code
- Game and Wildlife Code
- Motor vehicle
- Motorized off-road vehicle
- Permission of the Department or permitted by the Department
- Person
- Permit
- Picnic area
- Snowmobile
- State forest (replaces currently defined term “state forest land”)
- Vehicle
- Vehicle Code
- Watercraft

The following terms are deleted:

- Camping—The new “camping” section (§ 21.117) defines the three types of camping. Therefore, a generic definition of “camping” is not needed.
- District Forester—The new definition of “Department” includes authorized officials of the Department.
- Group activity—The new “group activities” section (§ 21.119) describes the type of activity that requires authorization. A definition is not needed.

Scope (§ 21.102). This section replaces § 21.2 (scope)

Trespass (§ 21.103). This section replaces § 21.80 (trespass). It adds a reference to “Department-commissioned officer.”

Closure (§ 21.104). This section replaces § 21.4 (closure) and § 21.72 (closure because of fire danger). It adds a provision under which the Department may prohibit certain uses or activities.

Property left in a State forest (§ 21.105). This provision is added to place the public on notice that the Department may move, remove, store (and charge a fee), or dispose of property left in a state forest. It is similar to a provision in the state parks' regulations (17 Pa. Code § 11.206), but tightens it by adding a prohibition against leaving property for more than 24 hours.

Picnic areas (§ 21.106). This section contains the provisions currently in Chapter 23 that apply only to picnic areas. It replaces the following sections in Chapter 23: § 23.11 (schedule), § 23.14 (alcoholic beverages), § 23.17 (hunting, trapping and shooting), § 23.20 (pets), and § 23.23 (removal of facilities).

Provisions in the following sections in Chapter 23 are absorbed into the revised Chapter 21 and made applicable to state forest land generally: § 23.1 (definitions), § 23.2 (application), § 23.3 (violations), § 23.12 (motor vehicles), § 23.15 (trash and garbage disposal), § 23.16 (fires), § 23.22 (organized events), and § 23.24 (disorderly, indecent or obscene or lewd conduct).

Hunting, trapping and shooting (§ 21.107). This section replaces § 21.63 (hunting and trapping) and § 21.65 (target shooting).

Fishing (§ 21.108). This section replaces § 21.64 (fishing).

Boating (§ 21.109). This section replaces § 21.11 (use) and § 21.12 (mooring and launching). It adds a provision on docks and clarifies that launching is permitted with either a Department permit or a Pennsylvania Fish and Boat Commission registration.

Traffic (§ 21.110). This section replaces § 21.21 (motor vehicles) and § 21.3(a) (violations). Section 21.110(b) is pursuant to § 7505 (violation of governmental rules regarding traffic) of the Crimes Code (18 Pa.C.S. § 7505), which states that a violation of a Department regulation governing parking or traffic on Department property is a summary offense. Section 21.110(b)(3) clarifies those areas where vehicle operation is allowed on state forest lands.

Parking (§ 21.111). This section replaces § 21.25 (parking) and § 21.3(a) (violations). Subsection (a)(2) prohibits parking in locations that obstruct a gate, road, *etc.* and in locations posted as closed under § 21.104 (closure).

Subsection (a)(1) allows for parking in a handicapped space by persons with a disability if the Department has given written permission. This is consistent with the Americans with Disabilities Act and the Department's policy on access to state forests by persons with disabilities.

Subsection (b)(1) is pursuant to § 7505 (violation of governmental rules regarding traffic) of the Crimes Code (18 Pa.C.S. § 7505), which states that a violation of a Department regulation governing parking or traffic on Department property is a summary offense.

Subsection (b)(2) provides authority for issuing parking tickets for parking offenses under the Vehicle Code. This is an expansion of the provision in the existing § 21.25, which allows for parking tickets only for violations of Chapter 21 regulations.

Snowmobiles (§ 21.112). This section replaces § 21.22 (snowmobiles), which specifies the requirements for riding a snowmobile on state forest land, including the period during which riding is permitted.

This section also reiterates the existing helmet requirement for operators and riders of snowmobiles that is found in 17 Pa. Code § 51.93 (helmet requirements).

All-terrain vehicles (§ 21.113). This section replaces § 21.23a (all-terrain vehicles), which specifies the requirements for riding an all-terrain vehicle on state forest land, including the period during which riding is permitted.

This section also reiterates the existing helmet requirement for operators and riders of all-terrain vehicles that is found in 17 Pa. Code § 51.93 (helmet requirements).

Motorized off-road vehicles (§ 21.114). This section replaces § 21.23 (trail bikes and other motorized off-road vehicles); eliminates a specific reference to trail bikes; and permits motorized off-road vehicles on roads, trails, or areas that are posted and designated for their use. The only forest district where motorized off-road vehicles are permitted is Bald Eagle State Forest, which has trails for off-highway and dual-sport motorcycles.

This section also establishes a riding season, which is the same as the ATV season, for the purposes of reducing user group conflict during Pennsylvania's hunting seasons (fall, winter, and spring), minimizing damage to the trail system during winter thaws and spring rains, and avoiding interference with spring wildlife mating / nesting season.

“Written permission” is intended to encompass permission to use a powered mobility device under the Department’s policy on access to state forest land by persons with mobility disabilities.

Helmets are required for operators and riders.

Natural resources (§ 21.115). This section replaces § 21.31 (prohibitions). It removes from Chapter 21 several provisions that more appropriately belong in permits, rather than in regulations. These are: § 21.32 (designated trees), § 21.33 (cutting practices), and § 21.34 (removal). However, compliance with permit conditions may still be enforced by citing § 21.122 (other prohibitions) prohibiting the failure to comply with a condition of a permit.

The prohibition in (a)(1) against cutting, picking (etc.) plants adds a specific reference to “fungus, lichen, and moss.”

The prohibition against removal of sawdust is deleted in the new § 21.115 (a)(3) because loggers no longer saw lumber at timbering sites.

Pine straw is added to the list at (a)(3) of forest products that may not be removed without written permission of the Department. The reason for this is that a commercial market has developed in the landscaping industry for pine straw and the Department needs a means of regulating its removal from state forest land.

The section adds a prohibition in (a)(5) against releasing an animal that was brought into a state forest.

Current § 21.31 prohibiting cutting, picking (etc.) of plants allows an exception for edible wild plants for personal or family consumption. The new § 21.115(b)(1) retains this exception but states that the exception does *not* apply to plants listed in Chapter 45 (conservation of Pennsylvania native wild plants) as threatened, endangered, rare or vulnerable.

Feeding wildlife (§ 21.116). This section replaces § 21.76 (feeding of wildlife), which allows for about one and a half bushels of feed (spring gobbler season begins on May 1 and flintlock muzzleloader deer season ends on about January 15). This blanket permission is replaced with a blanket prohibition without written permission. The reason for the more restrictive provision is that leaving food for wildlife results in animals, including bears and deer, congregating or habituating areas where they may become a nuisance. In addition, the concentration of deer or elk or other wildlife can promote the spread of diseases, such as Chronic Wasting Disease.

Camping (§ 21.117). This section replaces § 21.61 (camping permit). It clarifies the differences among the four types of camping—primitive, motorized, group, and water trail—and whether or under what circumstances permission is needed.

Fires (§ 21.118). This section replaces § 21.62 (open fires) and § 23.16 (picnic areas--fires). The new section clarifies the fire provisions and makes them less subjective. It does not establish a fall fire season as the current section does, thereby allowing the Department to declare it annually based on conditions existing in that year.

Group activities (§ 21.119). This section replaces § 21.78 (group activities).

Ground blinds and tree stands (§ 21.120). This is a new provision to be added to Chapter 21. It addresses the construction and use of tree stands and ground blinds. The section addresses two problems: 1) damage to trees and safety hazards resulting from the construction, placement, and use of tree stands and blinds and 2) the failure to remove stands and blinds from state forest land within a reasonable period of time after their placement.

The portability requirement for stands and blinds is consistent with the Game Commission's regulation applicable to game lands (58 Pa. Code § 135.41 (lands and buildings—state game lands)) and is intended to prevent damage to trees caused by the construction of permanent tree stands and blinds. Permanent stands and blinds are typically built of scrap lumber nailed to a tree. Nail wounds can increase a tree's vulnerability to disease and insects

and reduce tree value. Moreover, nails are hazardous to loggers, sawmill workers, and Department employees who could strike a nail while sawing.

The prohibition against damaging trees is intended to protect not only the tree where the stand or blind is situated, but also trees in the vicinity of that tree. In building or placing a tree stand or blind, hunters sometimes cut nearby trees and brush to create an unobstructed shooting lane. This practice can reduce timber value and damage wildlife habitat.

The time requirements for leaving stands and blinds on state forest land are intended to prevent a common practice of hunters leaving their stand or blind to “save their place” in an area of state forest land. The time requirements are also intended to discourage the abandonment of stands and blinds.

Pets (§ 21.121). This section replaces and revises § 21.73 (Pets). It applies to non-picnic areas (pets at picnic areas are covered in § 21.106(5)). In addition to requiring, as the current section does, that pets be “attended and under control of an individual,” it requires that pets do not behave in a manner “that may reasonably be expected to disturb or intimidate another person” or “that may cause damage to property or resources.”

Other prohibitions (§ 21.122). These are divided into activities that need written permission and activities that are prohibited absolutely. With a few exceptions, they are not new prohibitions though some have been re-worded.

Subsection (a) lists activities that require written permission:

- § 21.122(a)(1) replaces § 21.77 (commercial activity): The proposed provision prohibiting use of state forest land “in connection with or arising out of commercial activity” is intended to more effectively cover commercial activities that originate off state forest land but involve state forest land, such as a business located off state forest land that rents out ATVs for use on state forest land.
- § 21.122(a)(2) replaces § 21.31(4) (historical and archeological resources).
- § 21.122(a)(3) replaces § 21.67 (posting and soliciting).
- § 21.122(a)(4) replaces § 21.70a (snow plowing).
- § 21.122(a)(5) replaces § 21.79 (structures) and adds “altering” to the prohibition.
- § 21.122(a)(6) replaces the provision in § 21.79 prohibiting excavation activity.

Subsection (b) lists activities that are prohibited absolutely:

- § 21.122(b)(1) replaces § 21.68 (littering and disposal) and § 23.15 (picnic areas—trash and garbage disposal).
- § 21.122(b)(2) replaces § 21.66 (destruction of property).
- § 21.122(b)(3) replaces § 21.74 (1) and (3) (disorderly conduct) and § 23.24 (picnic areas—disorderly, indecent or obscene or lewd conduct). “Indecent exposure” is deleted as a prohibited activity because it can be prosecuted by DCNR rangers under § 3127 of the Crimes Code as a misdemeanor offense.
- § 21.122(b)(4) replaces § 21.24 (spark arrestors). It adds “chainsaws” to the list of items that must have spark arrestors.
- § 21.122(b)(5) replaces § 21.74(2) (disorderly conduct).

- § 21.122(b)(6) replaces § 21.75(a) (sanitation).
- § 21.122(b)(7) replaces § 21.75(b) (sanitation).
- § 21.122(b)(8) replaces the portion of § 21.25(a) (parking) that prohibits obstruction of access to gates, roads, etc. with items of personal property.
- § 21.122(b)(9) (failing to comply with a condition of a permit issued by the Department) is added to Chapter 21 as a new provision.

Violation of rules regarding conduct in state forests (§ 21.123). This section replaces § 21.3(b) (violations). It is pursuant to § 7506 of the Crimes Code (18 Pa.C.S. § 7506), which provides that violation of a Department regulation—other than traffic and parking violations—on Department property is a summary offense.
