Subject: RE: LCB final regulation #54-81 "Economic Development Licenses" (IRRC #3086)

Scott: Good morning. We have reviewed the PA LCB's final regulation #54-81 (IRRC #3086) "Economic Development Licenses" and have no additional comments. We appreciate the modifications the LCB took to address the issue that we brought forward in the proposed regulations. As such we support the final regulatory package. As always we appreciate the opportunity to review and comment on the regulations before the Commission. Elam
