Dear Sir or Madam:

I support a change to Philadelphia Parking Authority as related to Proposed Rulemaking Order 126--11, which would require all vehicles proposed for taxicab service after a designated date to be wheelchair accessible. I support a change where taxi cab fleets are required to have a certain amount of wheelchair accessible vehicles in their fleet.

I believe that an accessible taxicab system is a vital component to the city and reflects how a city respects the legal rights of its citizens and visitors. It is important that this rulemaking passes so that Philadelphia becomes the first city in America with an integrated taxicab system.

Sincerely,

Peter Zabierek
