I support the Philadelphia Parking Authority's Proposed Rulemaking Order 126-11, which would require all vehicles proposed for taxicab service after a designated date to be wheelchair accessible. I believe that a fully accessible taxicab system is a vital component of any world-class city and reflects how a city respects the civil rights of its citizens and visitors. It is important that this rulemaking passes so that the City of Brotherly Love becomes the first city in America with a fully integrated taxicab system.

I support this order 126-11. It would give me the freedom to travel when and where I want without hassles like not knowing if your ride will show up, and paying exorbitant prices.

Thank you,
