Dear Independent Regulatory Review Commission (IRRC):

The Pennsylvania Link, Service Area 15, representing both Philadelphia and Delaware County, submit this letter in support of the Proposed Regulation #126-11, for Modern Taxicab Standards issued by the Philadelphia Parking Authority. Transportation is essential to the quality of life and independence of people with disabilities. Accessible taxicab-limousine vehicles will increase the opportunity for disabled people to gain adequate and self-sustaining employment, and all of our residents and visitors will have the ability to travel throughout our city safely.

We, The Pennsylvania Link, Service Area 15, strongly support and encourage the Proposed Regulation #126-11 for Modern Taxicab Standards, which requires new updated 100% accessible vehicles, which are clean, safe and insured to all persons, including persons with disabilities.

Sincerely,

Pennsylvania Link - Service Area 15
