I support the Philadelphia Parking Authority's Proposed Rulemaking Order 126-11, which would require all vehicles proposed for taxicab service after a designated date to be wheelchair accessible. I believe that a fully accessible taxicab system is a vital component of any world-class city and reflects how a city respects the civil rights of its citizens and visitors. It is important that this rulemaking passes so that the City of Brotherly Love becomes the first city in America with a fully integrated taxicab system. I am fully in agreement and support the fully accessible taxi cab initiative. It give individuals who are living with physical disabilities the pleasure to live their lives to the fullest in all aspects. Please approve Taxis for all.

Thank you,
