<p>(7) Briefly explain the regulation in clear and nontechnical language. (100 words or less)</p> <p><b>This rulemaking amends the regulations of the State Board of Chiropractic (Board) at § 5.63 (relating to application for examination) to require auxiliary personnel seeking to sit for a radiological procedures examination – and therefore be permitted to apply ionizing radiation on behalf of a chiropractor – to apply directly to the examination service and to pay the appropriate fee directly to the service, rather than to apply to the Board and pay the examination fee to the Board. This is consistent with the practice for all other National licensure examinations. The rulemaking also deletes the fee for this examination from § 5.6 (relating to fees), as the Board neither charges nor collects the examination fee.</b></p>			
<p>(8) State the statutory authority for the regulation. Include <u>specific</u> statutory citation.</p> <p><b>The rulemaking is authorized under section 302(3) of the Chiropractic Practice Act (act) (63 P.S. § 625.302(3)).</b></p>			

RECEIVED

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

**This regulation is not mandated by any Federal or State law or court order or Federal regulation.**

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

**Without the rulemaking, auxiliary personnel seeking to sit for the examination may be misled as to where to submit their applications, to whom to pay the fee, and the amount of the fee (as the Board's regulation is outdated from the actual fees charged by the testing services). All persons applying to sit for this examination will benefit from the rulemaking.**

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

**The rulemaking is not more stringent and does not overlap or conflict with any federal requirements.**

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

**In Delaware, Maryland, New Jersey, New York, Ohio and West Virginia, radiology technicians must either pass a state exam or one of the National exams (ARRT or ACRRT). The rulemaking will not put Pennsylvania at a competitive disadvantage with other states.**

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

**This rulemaking will not affect other regulations of the Board or other state agencies.**

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

**The Board did not provide an exposure draft or solicit comments with regard to this administrative rulemaking because it merely updates the process to apply for the radiological procedures examination to comport with current practice. In public session at the Board meeting on May 22, 2014, counsel presented the draft rulemaking for discussion, and the Board approved it for publication as proposed. Subsequent to publication of the proposed rulemaking, the Board discussed the responses from the House oversight committee and IRRC (and noted that there were no public comments) in public session at its meeting January 28, 2016. Representatives of the Pennsylvania Chiropractic Association, the professional society of which the Board's licensees are members, were present for these discussions and generally attend the Board's public meetings.**

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

**All auxiliary personnel employed by chiropractors who seek to sit for the radiological procedures examination would be affected by this regulation. To the degree that licensed chiropractors pay the examination fee on behalf of their employees and otherwise seek to assure compliance with the regulations, they would also be affected. The Board does not license, credential or otherwise track the auxiliary personnel who would seek to take the examination. The Board currently licenses approximately 4,044 chiropractors. According to the Pennsylvania Department of Labor and Industry, in 2014 (the most recent year for which data is available) 64.6% of chiropractors in Pennsylvania were employed in offices of health care practitioners other than physicians, and 31.5% were self-employed. A small percentage work in offices of physicians, other ambulatory health care services, general medical and surgical hospitals, and specialty hospitals. Thus, auxiliary personnel working for chiropractors could be expected to work in similar locations.**

**Section 3 of the Regulatory Review Act provides that a small business is defined by the U.S. Small Business Administration's Small Business Size Regulations under 13 CFR Ch. 1 Part 121. These size standards have been established for types of businesses under the North American Industry Classification System (NAICS). In applying the NAICS standards to the types of businesses where chiropractors and their auxiliary personnel work, a healthcare office of a chiropractor or other health care practitioner other than a physician is a small business if it has \$7.5 million or less in total average annual receipts. Those who are self-employed are presumed to be a small business.**

**In considering these small business thresholds set by NAICS for the businesses in which chiropractors and their auxiliary personnel work, it is probable that the vast majority work in small businesses.**

**As noted in response to question (17), the amendments impose no additional paperwork requirements or administrative burdens and require no additional investment in equipment. Accordingly, there should be no disproportionate impact upon small businesses as a result of compliance with the rulemaking.**

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

**See the response to question (15). All auxiliary personnel who wish to sit for the radiological procedures examination will be required to comply with the rulemaking. To the degree that licensed chiropractors pay the examination fee on behalf of their employees and otherwise seek to assure compliance with the regulations, they would also be affected. There are currently approximately 4,044 licensed chiropractors who may utilize unlicensed auxiliary personnel.**

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

**The Board does not expect this rulemaking to have any financial, economic or social impact on individuals, small businesses, businesses or labor communities or other public or private organizations.**

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

**No costs or adverse effects have been associated with compliance with the rulemaking. Therefore, the above-identified benefits outweigh any cost or adverse effect.**

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

**There are no costs or savings to the regulated community associated with compliance with the rulemaking.**

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

**There are no costs or savings to local governments associated with compliance with the rulemaking.**

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

**There are no costs or saving to state government associated with implementation of the rulemaking.**

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

**The rulemaking will not require any additional recordkeeping or other paperwork for implementation.**

22a) Are forms required for implementation of the regulation?

**No forms are required for implementation of the regulation.**

(22b) If forms are required for implementation of the regulation, **attach copies of the forms here.** If your agency uses electronic forms, provide links to each form or a detailed description of the information required to be reported. **Failure to attach forms, provide links, or provide a detailed description of the information to be reported will constitute a faulty delivery of the regulation.**

N/A

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY 2016-17	FY +1 2017-18	FY +2 2018-19	FY +3 2019-20	FY +4 2020-21	FY +5 2021-22
<b>SAVINGS:</b>	\$	\$	\$	\$	\$	\$
Regulated Community

Local Government						
State Government						
<b>Total Revenue Losses</b>	N/A	N/A	N/A	N/A	N/A	N/A

(23a) Provide the past three year expenditure history for programs affected by the regulation.

Program	FY -3 2013-14	FY -2 2014-15	FY -1 2015-16	Current FY 2016-17
Pa. State Bd. of Chiropractic	(actual) \$492,853	(actual) \$496,176	(actual) \$474,056	(budget) \$473,000

(24) For any regulation that may have an adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), provide an economic impact statement that includes the following:

- (a) An identification and estimate of the number of small businesses subject to the regulation.
- (b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.
- (c) A statement of probable effect on impacted small businesses.
- (d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

**The Board does not expect this rulemaking to have any adverse impact on small businesses. There will be no projected additional reporting, recordkeeping or other administrative costs required for compliance with the rulemaking. There are no less intrusive or less costly alternative methods of achieving the purpose of the rulemaking.**

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

**The Board has determined that there are no special needs of any subset of its applicants or licensees for whom special accommodations should be made.**

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

**The Board has not considered any alternative regulatory provisions.**

(27) In conducting a regulatory flexibility analysis, explain whether regulatory methods were considered that will minimize any adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), including:

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performance standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the regulation.

**Because it does not expect this rulemaking to have any adverse impact on small businesses, the Board did not conduct a regulatory flexibility analysis.**

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

**The rulemaking is not based upon any scientific data, studies or references.**

(29) Include a schedule for review of the regulation including:

- |   |  |
|---|--|
| A. The length of the public comment period:   | <u>30 days after<br/>publ. as<br/>proposed</u> |
| B. The date or dates on which any public meetings or hearings will be held:                   | <u>N/A</u>                                     |
| C. The expected date of delivery of the final-form regulation:                                | <u>Summer 2017</u>                             |
| D. The expected effective date of the final-form regulation:                                  | <u>Upon publication</u>                        |
| E. The expected date by which compliance with the final-form regulation will be required:     | <u>Effective date</u>                          |
| F. The expected date by which required permits, licenses or other approvals must be obtained: | <u>N/A</u>                                     |

(30) Describe the plan developed for evaluating the continuing effectiveness of the regulations after its implementation.

**The Board continually reviews the efficacy of its regulations, as part of its annual review process under Executive Order 1996-1. The Board reviews its regulatory proposals at regularly scheduled public meetings, generally held the third Thursday of each odd-numbered month. The Board will meet on the remaining following dates in 2017: March 23, May 18, July 20, September 21, and November 9. More information can be found on the Board's website (linked under boards & commissions from professional licensing on the Department's website at [www.dos.pa.gov](http://www.dos.pa.gov)).**

**FINAL RULEMAKING**

**COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF STATE  
BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS  
STATE BOARD OF CHIROPRACTIC**

49 Pa. Code §§ 5.6, 5.63

**RADIOLOGICAL PROCEDURES EXAMINATION**

The State Board of Chiropractic (Board) hereby amends §§ 5.6 and 5.63 (relating to fees; and application for examination) to read as set forth in Annex A.

*Effective date*

The final-form rulemaking is effective upon publication in the *Pennsylvania Bulletin*.

*Statutory Authority*

The amendments are authorized under section 302(3) of the Chiropractic Practice Act (act) (63 P.S. § 625.302(3)).

*Description and Need for the Rulemaking*

Section 522(a) of the act (63 P.S. § 625.522(a)) prohibits auxiliary personnel from performing radiologic procedures on the premises of a chiropractor unless the person: (1) is under the direct supervision of a chiropractor who is on the premises; and (2) has passed an examination approved by the Board and administered by a third-party testing service. To implement this statutory provision, the Board adopted Subchapter F (relating to performance of radiological procedures by auxiliary personnel). Under § 5.62 (relating to auxiliary personnel who may perform radiological procedures), the Board provides that auxiliary personnel who have passed an examination in radiological procedures approved by the Board, the State Board of Medicine or the State Board of Osteopathic Medicine, or an examination in radiography of the American Registry of Radiologic Technologists or the American Chiropractic Registry of Radiologic Technologists (ACRRT) may apply ionizing radiation to patients for diagnostic purposes on the premises of a licensed chiropractor. In § 5.63, the Board provides that auxiliary personnel applying for the examination must apply to the Board on Board forms and pay the fee set by the Board. The fee for the radiological procedures examination is specified in § 5.6.

Under the Department's current agreement with ACRRT, a candidate for the examination is expected to apply directly to the testing service and pay directly to the testing service the fee set by that testing service. This practice is standard for all examinations required by the Bureau of Professional and Occupational Affairs that are developed and administered by National organizations. Consistent with this practice, in 1997 the Board amended § 5.6 to delete the fee for the National Board Examination of the National Board of Chiropractic Examiners (NBCE) (the examination required to be licensed to practice chiropractic) and amended § 5.15 (relating to licensure examinations) to require that candidates for licensure to practice chiropractic apply directly to NBCE and pay NBCE the required fee to sit for its examination. Upon recent notice from ACRRT of its current fee, the Board realized that its regulations for the radiological procedures examination had not been similarly updated.

Therefore, the Board is amending § 5.6 to delete the fee for the radiological procedures examination. It is also amending § 5.63 to delete reference to the application forms and to require auxiliary personnel to submit applications and pay the fee directly to the testing service rather than applying to the Board.

### *Summary of Comments to the Proposed Rulemaking and the Board's Response*

The Board published notice of proposed rulemaking at 45 Pa.B. 2887 (June 13, 2015) with a 30-day public comment period. The Board received no comments from the public. The Board received one comment from the House Professional Licensure Committee (HPLC) but no comments from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC) as part of their review of proposed rulemaking under the Regulatory Review Act (71 P.S. §§ 745.1—745.15). The HPLC noted a typographical error in a heading for the annex that was corrected by the Legislative Reference Bureau prior to publication in the *Pennsylvania Bulletin*. The Independent Regulatory Review Commission (IRRC) notified the Board that it had no objections, comments or recommendations and that, if the final-form rulemaking is delivered without revisions and the legislative committees do not take any action, the rulemaking will be deemed approved. The Board has not revised the rulemaking as proposed.

### *Fiscal Impact*

The final-form rulemaking will not have a fiscal impact on the regulated community, the general public, or the Commonwealth and its political subdivisions.

### *Paperwork Requirements*

The final-form rulemaking will impose no additional paperwork requirements upon the Commonwealth, political subdivisions, the regulated community or the private sector.

### *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on May 29, 2015, the Board submitted a copy of the notice of proposed rulemaking, published at 45 Pa.B. 2887, to IRRC and the chairpersons of the HPLC and the SCP/PLC for review and comment.

On \_\_\_\_\_, 2017, the Board delivered final-form rulemaking to IRRC, the HPLC and the SCP/PLC. Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), on \_\_\_\_\_, 2017, the final-form rulemaking was deemed approved by the HPLC and by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act (71 P.S. § 745.5a(e)), IRRC met on \_\_\_\_\_, 2017, and, because it had no comments on proposed and the Board did not amend the rulemaking, IRRC was deemed to have approved the final-form rulemaking under section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)).

### *Additional Information*

Further information may be obtained by contacting Elizabeth Wecker, Board Administrator, State Board of Chiropractic, P.O. Box 2649, Harrisburg, PA 17105-2649, [RA-chiropractic@pa.gov](mailto:RA-chiropractic@pa.gov). Please reference No. 16A-4324 (radiological procedures examination), when requesting information.

*Findings*

The Board finds that:

- (1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) and regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.
- (2) A public comment period was provided as required by law.
- (3) This final-form rulemaking does not include any amendments that would enlarge the scope of proposed rulemaking published at 45 Pa.B. 2887.
- (4) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the Chiropractic Practice Act.

*Order*

The Board, acting under its authorizing statute, orders that:

- (a) The regulations of the Board at 49 Pa. Code §§ 5.6 and 5.63 are amended to read as set forth in Annex A.
- (b) The Board shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.
- (c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.
- (d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

John E. McCarrin, DC, Chairperson  
State Board of Chiropractic
