Subject: Regulation 11-253 - Requirements for Qualified and Certified Reinsurers

Bridget:

No surprise, but to formalize: As we did on September 14, 2015 with the proposed regulation, The Insurance Federation supports the Department's final-form regulation amending Section 161.3(a)(3) of Title 31 of the PA Code to delete the requirement that a reinsurer be listed on the Non-Admitted Insurers Listing.

We appreciate the dialogue the Department has provided from the outset and hope for a unanimous vote of approval at the IRRC's January 21 meeting – a good start to the year.

Thanks,

Sam Marshall
