(7) Briefly explain the regulation in clear and nontechnical language. (100 words or less)

The amendment to §245.4 requires that a member electing to purchase previous State service credit, must purchase credit for all such service simultaneously. The proposed amendment also would extend the payroll deduction payment period to six years.

The addition of §247.5.1 expresses a reasonable interpretation of the Retirement Code provision allowing retired members to reelect benefit options if the designated survivor annuitant dies or the member divorces or marries. It states that the right to reelect is valid for seven years from the triggering event or until the occurrence of another triggering event.

(8) State the statutory authority for the regulation. Include specific statutory citation.

71 Pa. C.S. §5902(h).

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

No.

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

The amendments clarify an existing regulation and put members on notice of the Board's interpretation of the two provisions relating to service purchases and benefit reelections.

SERS' regulations and policies apply only to members of the system, and not to the general public. By amending §245.4, the Board is publishing its long-standing practice regarding purchasing previous optional service credit and adding flexibility to the terms of payment. By adding §247.5.1, the Board is publishing its interpretation of Section 5907(j) to include a reasonable time limitation on the member's ability to exercise the reelection right without unnecessarily exposing the system to manipulation and expressly stating that members may not accumulate reelection rights.

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

There are no applicable federal pension standards. SERS is exempt from ERISA because it is a governmental plan. SERS is subject to provisions of the Internal Revenue Code, however, those provisions are not relevant here.

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

These regulatory amendments will have no impact on Pennsylvania's ability to compete with other states.

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

No.

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

SERS has not asked for input from the general public because these regulations will not affect that population.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

Not applicable because they are not affected by these regulations.

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

The amendment to §245.4 applies only to members purchasing previous State service credit; and the addition of §247.5.1 applies only to retired members who have elected a retirement benefit option with a survivor annuity.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

There are no financial, economic and social impacts associated with these proposed regulations.

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

There are no costs or adverse effects associated with these proposed regulations.

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

There are no costs or savings associated with these proposed regulations.

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

There are no costs or savings associated with these proposed regulations.

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

There are no costs or savings associated with these proposed regulations.

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

Not applicable.

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

\* There are no costs or savings to the Commonwealth, its citizens, local governments or school employees associated with this proposal.

Not applicable.

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performing standards for small businesses to replace design or operational standards required in the regulation; and

**Notice of Proposed Rulemaking  
State Employees' Retirement Board  
State Employees' Retirement System  
(4 Pa. Code Chapters 245 and 247)  
(Member Purchases of Credit for Previous State Service and  
Reelection of Benefit Option)**

**Preamble**

The State Employees' Retirement Board ("Board") is submitting this proposed rulemaking amending 4 Pa. Code Chapter 245, Section 245.4 (relating to member purchases of credit for previous state service) and amending 4 Pa. Code Chapter 247, to add Section 247.5.1 (relating to reelection of benefit option).

**A. Effective Date**

These amendments will go into effect upon publication in the *Pennsylvania Bulletin* as a final rulemaking.

**B. Contact Persons**

For further information contact Jay Pagni, Director of Communications and Policy, State Employees' Retirement System, 30 North Third Street, Suite 150, Harrisburg, PA 17101-1716, 717-237-0236, Sharon S. Smith, Legislative Specialist, 717-237-0227, or M. Catherine Nolan, Assistant Counsel, State Employees' Retirement System, 30 North Third Street, Suite 150, Harrisburg, PA 17101-1716, 717-237-0392.

**C. Statutory Authority**

This proposed rulemaking is being made under the authority of Sections 5902(h) of the State Employees' Retirement Code ("Retirement Code"), 71 Pa.C.S. Sections 5101 *et seq.*

**D. Background and Purpose**

The Retirement Code permits SERS members and PSERS members who have elected Multiple service to purchase credit for previous State service that is uncredited because membership in SERS was optional at the time it was rendered. The amendment to §245.4 expressly requires that a member who elects to purchase previous State service credit, must purchase credit for all such service simultaneously. Partial purchases of previous optional State service are not allowed. The proposed amendment also would extend the time to pay for such period by payroll deductions from the customary three years to six years.

The Board has long interpreted the Retirement Code to require that the purchase be comprehensive and Commonwealth Court affirmed SERS' interpretation in *Susan Shinkman v. State Employees' Retirement Board*, 958 A.2d 613 (Pa. Cmwlth. 2008). Therefore, this amendment maintains the status quo except in that it extends the payroll deduction payment period for the flexibility of the member.

The addition of §247.5.1 pertains to a member's limited right to reelect a benefit option. The Retirement Code permits retired members who selected a retirement benefit payment option with a joint and survivor annuity to select a new benefit payment option under certain circumstances. Specifically, the Retirement Code provides that if the designated survivor annuitant predeceases the member or the member divorces or marries after retirement, the member has the right to reelect an option. The Retirement Code does not expressly state the time within which the member may exercise the reelection right.

The absence of a time limitation would allow a member to delay changing the option indefinitely and could result in the payment of a larger total benefit. When a member reelects a benefit option, the member's benefit and any survivor annuity is recomputed to be actuarially equivalent to the value of the benefit remaining at the time of the recomputation. The recomputation often produces a lower monthly annuity payment to the member. By delaying the option change, the member can postpone such benefit payment reduction and could secure a larger total benefit that would be payable otherwise. In addition, the statute is silent as to whether a member who experiences multiple triggering events has a single right to change the initial benefit option or whether reelection options may accumulate, potentially allowing a member to accumulate opportunities to change the option selection, thereby further enhancing the member's benefit beyond the statutory maximum.

The amendment to §247.5.1 provides the right to reelect an option remains valid until the earlier of seven years from the triggering event or upon the occurrence of a subsequent triggering event.

## **E. Benefits, Costs and Compliance**

Executive Order 1996-1 requires a cost/benefit analysis of the proposed regulation.

### ***Benefits***

This proposed rulemaking makes SERS' regulation regarding purchasing service credit for previous optional State service consistent with SERS long-standing interpretation of the Retirement Code and with Commonwealth Court precedent and eases members' payment terms. It also sets forth reasonable limitations, clarifying a member's ability to select a new benefit payment option.

### ***Costs***

The amendments maintain the status quo, except with regard to the extended payment period. The extended payment period has no impact on the service purchase cost or applicable interest. Therefore, these amendments have no associated cost.

***Compliance Costs***

The proposed amendment will not impose any additional compliance costs on state employees or employers.

**F. Sunset Review**

Not applicable.

**G. Regulatory Review**

Under Section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), the Board has submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC), the Chairpersons of the House State Government Committee and the Senate Finance Committee, and the Legislative Reference Bureau on January 6, 2016. In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a detailed regulatory analysis form prepared by SERS in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendment, it will notify the Board and the Committees within 30 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by the portion of the proposed amendment to which an objection has been made. The Regulatory Review Act specifies detailed procedures for review by the General Assembly and the Governor of objections raised by IRRC prior to final publication of the amendment by the Board.

**H. Public Comments**

Those who could be affected by the proposed amendment to §245.4 include any mandatory member of SERS or multiple service member of PSERS who has previous optional State service that is uncredited. Also, potentially affected by the addition of §247.5.1 is any SERS member who elects a retirement benefit payment option with a joint and survivor annuity.

***Written Comments*** - Interested persons are invited to submit comments, suggestions, or objections regarding the proposed regulations to Jay Pagni, Director of Communications and Policy, State Employees' Retirement System, 30 North Third Street, Suite 150, Harrisburg, PA 17101-1716. Comments submitted by facsimile will not be accepted. The Board must receive comments, suggestions or objections by February 23, 2016.

**Electronic Comments** - Comments may be submitted electronically to the Board at [jpagni@pa.gov](mailto:jpagni@pa.gov) and must be received by the Board by February 23, 2016.
