Please be advised that I am sending you these comments today to acknowledge that progress is being made in moving forward with proposing stream re-designations for streams that have been petitioned by PFBC for upgrade to High Quality designation. I am also writing to encourage you to continue your review and to approve all 50 streams proposed for HQ upgrade, and sincerely hope that you continue the movement toward upgrading all streams with appropriate water quality designations.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Patrick McDonnell
