Subject: Comment received - Proposed Rulemaking: Water Quality Standards; Class A Stream Redesignations

Re: eComment System

The Department of Environmental Protection has received the following comments on Proposed Rulemaking: Water Quality Standards; Class A Stream Redesignations.

Commenter Information:

Bill Eckert
NWPA Chapter Trout Unlimited (bill@eckertappraisals.com)
3604 Fountain Way
Erie, PA 16506 US

Comments entered:

I fully support the water quality board's efforts to upgrade the designation of the streams listed to better protect these prize jewels. Especially Logan Run, Forrest County, which I am familiar with. This small native brook trout stream flows through a beautiful valley in the Allegheny National Forrest, where there is already substantial gas and oil well drilling, including Marcellus Shale. Logan Run and all the others deserve as much protection as can be given to insure no ill effects from drilling activities.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Patrick McDonnell
