Mr. James M. Smith  
Regulatory Analyst  
Independent Regulatory Review Commission

Dear Mr. Smith:

On behalf of PABCO, the Pennsylvania Association of Building Code Officials, Inc., I am writing to express our complete and unequivocal support for IRRC Regulation #3141, Department of Labor and Industry Uniform Construction Code 12-102.

This regulation has been reviewed following the tolling and re-submittal by the Department and PABCO finds that the regulation thoroughly and properly addresses the legislative requirement that accessibility requirements for the Uniform Construction Code are updated to the most current, 2015 accessibility provisions in the International Building Code and the International Existing Building Code.

We believe the regulation is proper, easy to understand by all affected stakeholders and deserves the affirmative vote of the IRRC when it reviews the final-omit regulation at its meeting of March 31.

Please feel free to contact me at [rbuddenbohn1@gmail.com](mailto:rbuddenbohn1@gmail.com) or 814-330-6444 if you have any questions.

Sincerely,

Robert W. Buddenbohn, Jr.  
Executive Officer  
PABCO
