Subject: proposed changes to immunization requirements

2016 OCT 17 AM 9:43

Dear Ms. Findley,

I am writing in response to proposal IRRC #3147, which makes changes to title 28, chapter 23 of the Pennsylvania Code as it is applicable to homeschooled students. Parents are not required to immunize their children until they are admitted to school (which includes attendance at a homeschool program). Under the proposed changes, parents who choose to delay immunizations will not have enough flexibility in obtaining the required vaccines. Five days is far too short a provisional period. Parents should have more time (60 days) to develop a plan for their children to receive the required vaccines without being required to obtain a form from their doctor in order to do this.

Respectfully submitted,
Jill Cebenko
