The Independent Regulatory Review Commission

We, the undersigned, are residents of Pennsylvania and are opposed to the PA Department of Health's proposed regulatory changes that are before the IRRC. During the public comment period, many Pennsylvanians voiced their concerns with the changes as they are written, however those concerns were dismissed. We would like to go on record stating that we are still opposed to the regulation changes and would like the IRRC to vote against them.

	Name	From	Comments
1.	Lisa Slawinski	Pittsburgh, PA	
2.	Jennifer Willis	LITITZ, PA	There are many reasons to oppose these regulations, however what is most glaring to me is the extreme change in the provisional period from 8 months to 5 days. That is unreasonable for families to try to get an appointment or catch up in such a short time frame and it puts an unnecessary burden on the school nurses to monitor and track this during the first week of school when their time would be better served in learning what students have allergies or medical needs (such as Type 1 Diabetes.)
3.	Christopher Carr	McMurray, PA	
4.	Jodi Ferris	Harrisburg, PA	
5.	Heidi Weaver	Phila, PA	Please do not adjust the compliance period from 8 months to 5 days. It is dangerous, unfounded. Please research the financial motivations behind lawmakers decisions. We cannot sacrifice the health of an entire generation because of the financial pull of pharmaceutical companies. They bear no responsibility for negative outcomes. It is the public health department that will have to answer for the damage is done to healthy children who were forced to comply with unsafe laws.
6.	Jessica Wolf	Hunker, PA	
7.	Dr. Tedd Koren	Gwynedd Valley, PA	
8.	Nicole Lavetan	Wrightsville, PA	
9.	Molly Karpin	PHILADELPHIA, PA	
10.	Damien Ciasullo	Oreland, PA	
11.	Eve Reffert	Pittsburgh, PA	
12.	Chris Rasmussen	MONROEVILLE, PA	I stand with the people who want from in their health choices.
13.	Sarah Anderson	Mechanicsburg, PA	

	Name	From	Comments
14.	Tiffany Schroeder	Philadelphia, PA	
15.	Angel Brown	Reading, PA	
16.	Alex Willis	Lititz, PA	I can't believe the department of health is putting time and energy into pursuing this. There are far more pressing and concerning matters that our tax dollars should be going for. We need to hold an accounting of the funds used to support this action, I think we'd all be shocked of the financial cost associated in making a change that isn't even necessary.
17.	Gwen Buck	Myerstown, PA	
18.	Blake Lavetan	Wrightsville, PA	Legislature such as this directly impacts children's health and overall well being. This is an attack on personal freedom of medical choice. Forced mandates such as this go with little to no compassionate research on the impact of the health of the children. At what point are we gambling the burden of the well being of the younger generations at the expense uninformed and dangerous tactics.
19.	Dr. Andy Gibson	DuBois, PW	
20.	Kelly Sotomayor	Somerset, PA	We must have medical health freedom and liberty as Pennsylvania and the United States of America!!!
21.	Anna Masse	Etters, PA	
22.	Karen Woytowitz	Wexford, PA	I oppose these changes... Changing provisional period to 5 days from 8 months and adding more mandated vaccines to a schedule which is already crowded and has not been rigorously and systematically studied for safety . When you mandate vaccines someone's child will be harmed. This comes at a time where there is a national push to remove the religious/ philosophical exemption, the only safeguard left for parents to protect their vulnerable children which the government refuses to recognize.
23.	Akoya Shoemaker	Berwick, PA	
24.	Lauryn Porr	Lemoyne, PA	Please do not continue striping our freedoms!! People's lives literally depend on it!
25.	Kelly Bradley	Indiana, PA	Please vote against the proposed changes. We do not need more vaccines added.
26.	Danielle Durst	Irwin, PA	
27.	Sheila P	Elkins Park, PA	Having read the concerned comments of the majority of the public that voiced their opinion, The Department has clearly failed to address the unreasonable change to a 5-day provisional period. Equally or more egregious was the complete lack of an adequate response to the costs of the regulations, including the meningitis mandate. I am outraged that an unelected, completely unaccountable regulatory body such as The Department of Health is outright disregarding public opinion that was put (continues on next page)

	Name	From	Comments
27.	Sheila P	Elkins Park, PA	<i>(continued from previous page)</i> forth through a democratic process. The Department needs to be held accountable, and clearly does not wish to be held accountable by the public whose expressed their majority opinion loudly and clearly. Now, despite FURTHER concerns on record, (including my own letter to committee members) the IRRC is going ahead on a vote about adding vaccines to the schedule AND changing the provisional period. This is not freedom. This is not consent. This is not democracy. I vehemently request that the IRRC *NOT* approve these regulations as they currently read.
28.	Leigh Shane	Pittsburgh, PA	
29.	Christine Davenport	Carlisle, PA	
30.	Elizabeth O'Riordan	Furlong, PA	
31.	Maureen B.	Collegeville, PA	
32.	Amanda Richardson	King of Prussia, PA	Please stop mandating medical treatments. I am opposed to the proposed shortened provisional period from 8 months to 5 days for school aged children as well as the additional meningococcal conjugate vaccine.
33.	Leanne Eckenrode	Lancaster, PA	
34.	Alison Alberts	Wexford, PA	
35.	Katherine Sykes	Mechanicsburg, PA	
36.	Yvonne Weaver	Womelsdorf, PA	Please don't change the vaccine schedule or add any more. They are causing havoc on our kids. There are way too many, and too soon to give them as it is.
37.	Kim Gorman	Levittown, PA	
38.	David McGowa	Wallingford, PA	
39.	Charmaine Rusin	Bridgeport, PA	
40.	Giovanna Couillard	Bensalem, PA	
41.	Sunshine Zentichko	Marysville, PA	Mandated vaccines is unconstitutional.
42.	Erin Zuclich	Hawley, PA	
43.	MaryAnn Tellinghusen	Norristown, PA	
44.	Jaclyn Schaeffer	Colombia, PA	
45.	Carissa G	Philadelphia, PA	
46.	Bruce Brenan	Middletown, PA	Please respect the health of our kids by not forcing new vaccines or vaccine regs on them.

	Name	From	Comments
47.	Lynn Martin	Croydon, PA	
48.	Kristen Yoder	Pittsburgh, PA	I oppose this unreasonable reduction in the provisional period
49.	Amanda Dragan	Manor, PA	
50.	Suzanne Rigg	Lititz, PA	
51.	Laura Turner	Ellwood City, PA	
52.	Lauren Swander	Abington, PA	
53.	Heather Benson	Lafayette Hill, PA	I am the parent of a child brain injured by vaccines. Please reconsider your stance on vaccination! They are NOT safe for everyone!
54.	Rachel Kent	Huntingdon Valley, PA	As the friend of a parent of a child terribly injured by the meningitis vaccine, I charge the IRRC with the ethical duty of overturning the Health Department's push for the addition of another Tdap and new meningitis vaccine. Among all first world countries, the US already demands the most intensive schedule. Additional vaccines without rigorous, INDEPENDENT testing and safety studies is both unethical and statistically ineffective. Please also overturn this push to shorten the reporting period to only five days. Such an effort will only serve to alienate and fracture relationships of trust and cooperation between already overworked school administrators and nurses and the parents and students they serve.
55.	Amber Herb	Reading, PA	
56.	SHARON WACK	NORRISTOWN, PA	The Department of Health should heed the voices of the citizens of this commonwealth.
57.	Izabela Bartosiewicz	Pittsburgh, PA	Please, let people decide on their own whether they want preventative medicine or not. To me, preventative medicine is healthy life style and organic food ! And that is what we should be adding to our lives not artificial immunity .
58.	Melissa Richardson	Venetia, PA	
59.	Kristi Wees	Gibsonia, PA	I am opposed to many of the changes that are being put forth in this rule change. Most of all I am opposed to these changes being made through a process where my elected representative is not involved. I oppose the addition of any vaccines to the school schedule and request the waiting period remain as is. Thank you for your consideration.
60.	Jeff Ludwick	Camp Hill, PA	
61.	Elana Levinson	FOREST HILLS, NY	
62.	Christina R	Pittsburgh, PA	Please leave these decisions between a parent and their physician and as a young adult about to graduate, my child should be able to consent for himself.
63.	Stephanie Testa	Norristown, PA	

	Name	From	Comments
64.	aimee H	Lancaster, PA	
65.	Katie Pipak	Mt. Pleasant, PA	
66.	Chelsi Ramos	Harrisburg, PA	
67.	Jeanene DEnlinger	Lancaster, PA	
68.	Alison Fujito	Pittsburgh, PA	<p>This is NOT about autism. This is about the fact that so many of us have had our severe reactions to vaccines dismissed by doctors who simply didn't know enough to realize that vaccines are triggering autoimmune issues, intestinal issues, seizures, neurological issues, etc. AND DIDN'T REPORT THEM.</p> <p>The DOH is putting the cart before the horse, essentially prescribing invasive medical procedures WITHOUT KNOWING THE RATE OF ADVERSE REACTION, because we don't have an adequate reporting system for vaccines.</p> <p>The changed provisional period will result in many children being given several vaccines at once, in an effort to "catch up," with no oversight with regards to adverse reactions, which will likely not be reported, especially if they occur 1-2 weeks later, which is a common time frame for seizure reactions to MMR, according to the package insert. Please stop looking at vaccine uptake rates and start looking at the tsunami of sick children, whose parents believed in vaccines and then watched them make their children SICK.</p> <p>For God's sake, please listen to us. We're telling you what happened to our children, and you're looking away.</p>
69.	Meredith Safran	Mercer, PA	<p>My body! My choice! My family! Our choice! Government has NO RIGHT to tell us what we have to do to OUR OWN BODIES!</p>
70.	Payton Reper	Shohola, PA	
71.	Marilyn Bratis	Plumsteadville, PA	<p>I am opposed to adding additional vaccines to the current schedule. I have a vaccine vulnerable child and we work hard to keep her up to date, but I am opposed to adding more vaccines without a compelling reason, and for any that are added, it may take us longer to comply as we need to space them out.</p>
72.	Elaine Powers	Feasterville, PA	
73.	Lisa Mcguigan	Chalfont, PA	
74.	Jeanette Forlano Slaw	Clifton Heights, PA	
75.	Barbara Howe	Phoenixville, PA

	Name	From	Comments
78.	Rebecca Swiatek	Strasburg, PA	
79.	Heather Sloat	Hellam, PA	
80.	Angela Scampone	Monroeville, PA	My cousins baby boy, 2yrs old, suddenly died in his sleep. The only thing coming up in his autopsy report are his 6 vaccinations he recently received.
81.	Kathryn HOUGHTON	Pittsburgh, PA	
82.	Lenny Roberts	Phila, PA	
83.	Amy Mosebrook	Doylestown, PA	
84.	Amanda Jones	Carlisle, PA	
85.	Jodi Witmer	Wyomissing, PA	
86.	Theresa stiltenpole	Mount pleasant, PA	
87.	renee didomenico	Harleysville, PA	
88.	Beth Langer	IRWIN, PA	
89.	Amanda Spangler	Pittsburgh, PA	It is absolutely unconstitutional to remove rights and freedom from parents regarding medical decisions for our children. The medical and pharmaceutical industries do make mistakes and we should never be mandated, forced or coerced into putting anything into our bodies that goes against conscience. This is America and we should always have The freedom to choose what goes into ours and our children's bodies. Please stop the medical tyranny
90.	David Smith	Brownsville, PA	The PA Department of Health has no right to try to circumvent the legislature and change rules that affect all PA children. Vaccines are neither safe nor effective for everyone and yet there are no attempts to prescreen children for vulnerabilities. My grandson was vaccine injured at the age of 1 and suffers everyday.
91.	Kendra G	Bellwood, PA	
92.	Kirstin Nice	Perkiomenville, PA	
93.	Adrienne Murphy	Connellsville, PA	
94.	Beth Beyer	Jamison, PA	
95.	Alasha Daugherty	Ligonier, PA	
96.	Sarah Graham	Mercer, PA	Please remember your role as an elected official- you are to protect the rights of the citizens- not take rights away. Allow us to continue making our own medical choices.
97.	Robert Liotta	Lower Burrell, PA	
98.	Ann Murphy	Pottstown, PA	It is unconstitutional to force anyone to be injected. I have a vaccine injured child. We all have the right to decide for ourselves.
99.	Geraldine Cartwright	Lansdale, PA	

	Name	From	Comments
100.	Ashley Armer	Lancaster, PA	
101.	Pamela Craft	Cranberry Twp, PA	
102.	Amy Stone	Lancaster, PA	
103.	Cassandra Kennedy	Carlisle, PA	
104.	Heather Morgan	Lewistown, PA	
105.	Sherry Hawk	Strasburg, PA	
106.	Jennifer Long	Kennett Square, PA	Parents need to be able to make choices for their children's health, the way we do for all other procedures and medications. Vaccines are not ok for everyone, and cannot be forced on human beings as though they are.
107.	Amy Allkind	Bethel Park, PA	As a parent of a child who experienced adverse reactions to vaccines I am strongly opposed to yet another example of government overreach into our personal medical choices. I am asking the IRRC to listen to the citizens of this state and vote against these regulation changes.
108.	Maria Napolitano	Leetsdale, PA	
109.	Marissa Wiltout	Somewhere, PA	
110.	Jennifer Magill	Pittsburgh, PA	
111.	Megan Brown	Port Orange, FL	
112.	Leann LaPresti	Mt Pleasant, PA	
113.	Margaret Schaeffer	Blue Ridge Summit, PA	I am against any increase in regulations of vaccinations.
114.	Johanna De Blok	Washington, PA	
115.	Vicki Rowe	Elizabethtown, PA	The Department of Health has ignored valid questions regarding these changes and has not offered satisfactory information to move forward with these proposed changes.
116.	Terry Stoneberg	Fallsington, PA	
117.	Lori Jacobs	Brodheads ville, PA	
118.	Suzanne Snyder	Meadowbrook, PA	I am strongly opposed to vaccine mandates.
119.	Rachel Chaput	Dingmans Ferry, PA	Please don't impose these new regulations
120.	Vonna DeArmond	Doylestown, PA	Please hear our objections to these changes. They are unfair and dangerous
121.	Jeff Beyet	Jamison, PA	
122.	Leah Rose	Huntingdon Valley, PA

127.	Stephanie McKenna	Glenside, PA	
128.	Christina Peters	Lancaster, PA	
129.	Nicole Knopp	Mercer, PA	It is our right to decide what we put into our bodies and our children's.
130.	Rebecca Smith	Alexandria, PA	Please remember you are in your position to serve the will of the people of this state! We are asking that you listen and act upon this petition which is in the best interest of the citizens of this state. The VIS required to be given to every individual receiving a vaccine states that an individual should not take a vaccine if they are "not feeling well.". An individual could experience an illness beyond the 5 day period you are recommending placing you the state of Pennsylvania in a liable position of causing injury or death to the persons you are requiring to be vaccinated within a 5 day period. To put ANY time limit on this is to disregard the warning on the VIS given by the CDC themselves. You would be liable of contradicting the federal government itself.
131.	Jessica Polistina	Levittown, PA	
132.	Mary Beth Dongas	wilkes-barre, PA	The Institute of Medicine published a report in 2013 stating that "key elements of the entire [child vaccine] schedule – the number, frequency, timing, order and age of administration of vaccines – have not been systematically examined in research studies." And you want to add more??? When will we open our eyes to see that as of 2013 1 in 6 children is learning disabled, 1 in 9 has asthma, 1 in 50 develops autism!! I understand that correlation may not equal causation, however when you see that the number of vaccines basically tripled as these childhood illnesses run out of control, it BEGS the question.....WHEN WILL WE OPEN OUR EYES?? The FDA classifies vaccines differently than pharmaceutical drugs - vaccines do not undergo the same level of safety testing. Read Section 13 of any vaccine insertit states that the vaccines have not been tested for its carcinogenic (cancer), mutagenic (mutation of genes) potential or its potential to impair fertility. FRIGHTENING!! Perhaps we need to shift focus to determine who will take care of all of these children as we continue to make them sicker and sicker.
133.	Holly Keich	Camp Hill, PA	
134.	Danielle Hrycko	Bethel Park, PA	
135.	Christina Sabo	Camp Hill, PA	
136.	Miranda Yeager	Indiana, PA	
137.	Alan Clemence	Pittsburgh, PA	

	Name	From	Comments
138.	Marguerite Rodgers	Lititz, PA	You want a woman to have her own choice as to what she does with her body when it comes to abortion. You must allow parents to make their own decisions as to what should go in their bodies and the bodies of their children. The toxins that are injected into their premature little bodies are poison for their nervous systems. I could go on and on how these vaccines are inefficient and deadly. Like Gardasil has been proven to be ineffective and parents or choosing against so you decided to trick American public by putting it in with something else it's just scandalous.
139.	Kim Bonneau	Lansdale, PA	
140.	Heidi M	Mechanicsburg, PA	What happened to the the idea of the "life, liberty, and the pursuit of happiness?" Parents should have the right to choose what is best for them and their children.
141.	Lisa Sell	Middletown, PA	No drugs should ever be mandated by any government. Vaccines ARE drugs, with known side effects and risks, and the decision of which, if any, vaccines to be given to anyone, and when, should be between a patient and his/her physician.
142.	Janice Hetherington	Zion Grove, PA	I am not confident in the CDCs Vaccine Data any longer, and I ask that the IRRC vote against making changes until such time as the CDC can prove their studies and data are not corrupted any further than the current MMR vaccine study of 2004, which is currently being exposed by way of admission of fraud and cover up and 10,000 documents concerning the MMR Vaccine study which was conducted by Dr. William Thompson and five other associates. Please view the film VaxXed from Cover up to Catastrophy. And you will know for yourselves, that there is adequate reason to believe the CDC has at least committed fraud with this specific vaccine. My question is, "Was this the only vaccine handled in this manor by the CDC?" We the people need to know, as the CDCs integrity is at question at this time.
143.	Mitsothee Kheng	Cheltenham, PA	
144.	Sheri Latimer	Mercer, PA	
145.	Lacey Snader	Lancaster, PA	
146.	Deborah Sullivan	BRIGHTON, MA	
147.	Nicole Rufe	Doylestown, PA	I oppose these changes, and oppose any additions to the current vaccine schedule. The CDC has presented no evidence proving vaccines are safe. 148.	Noelle Gaburon	Telford, PA	Where there is risk there must be choice.
149.	Jodi M	Pittsburgh, PA	
150.	Heather Daley	Media, PA	

	Name	From	Comments
151.	Sandra Shaffer	New Kensington, PA	
152.	Nour Sharif	Bethlehem, PA	Children are allergic to many ingredients and get poisoned by the vaccines ...I was born in this country I had 15 ..they want to give our children 62 ..that is GREED and Business not public health ..if you pass this you will be killing/damaging children..please read www.thethinkingmomsrevolution.com and VAXXED the movie !
153.	Lucille Balukjian	Wayne, PA	
154.	Tricia Stoltzfus	Lancaster, PA	Give us the freedom to choose what is best for our children.
155.	Sara Pickett	Lebanon, PA	
156.	NOELLE MICHAELS	NAZARETH, PA	No toxic injections. My son is vaccine injured.
157.	Carol-lee White	Bainbridge, PA	I have a son who was injured by vaccines. No more should be added and every parent should have the right to refuse for any reason. My son is not acceptable collateral damage for your greater good!!!!
158.	Holly Galvez	Columbia, PA	
159.	Marielle Murray	Downingtown, PA	Don't take away our freedom of choice or our freedom to make informed choices for our own children!
160.	Jennifer Clasullo	Oreland, PA	
161.	Sheila Baranoski	Kulpmont, PA	
162.	Alicia Brandt	Lititz, PA	
163.	Amy Brown	Cranberry Twp, PA	
164.	Heather Prue	Greensburg, PA	
165.	Roseanne Impellizzeri	Pittsburgh, PA	
166.	tamara luffy	wexford, PA	
167.	Toni Sparling	Johnstown, PA	Robert F. Kennedy Jr. said the vaccine dept. of the CDC is a cesspool of corruption, please investigate the cover up by the CDC in their effort to hide data showing MMR causes autism, especially in black baby boys. Medical freedom is the number one issue for me. I am horrified that gov't is forcing vaccines that are known to have risks and even cause death. Please ask yourselves why the urgency to add more to the schedule. Also please consider that the vaccine schedule exploded after the drug companies were no longer held liable for any damages, by a law passed in 1986. Please also look into the possibility that shedding vaccines are spreading the very diseases that they are supposed to prevent. Viruses may also be mutating as a result of years of vaccines being administered.
168.	Lindsay Duonnolo	Wyncote, PA

228.	Jessica Campbell	Mechanicsburg, PA	
229.	Chara Daum	Bryn Athyn, PA	I oppose any heightened regulations about vaccines. We must retain our right to decide what will or will not go into our own and our children's bodies, and not lose access to education or employment in the process.
230.	Connie Tate	Lewistown, PA	
231.	Stephanie Troiana	Elizabethtown, PA	
232.	Alli Manzella	Reading, PA	
233.	Kerin Turner	Mechanicsburg, PA	
234.	Laurel Patton	Lewistown, PA	It is not the governments job to monitor our health. It is up to each individual parent/family to decide what healthcare choices we need and it should not be tracked by the government or dept of health.
235.	Kelly West	Madison twp, PA	This is medical tyranny.
236.	Carlo Manzella	Reading, PA	
237.	Madeline Petrus	Zelienople, PA	People must remain free to make these decisions for themselves.
238.	James Lyons-Weller	Allison Park, PA	Parents have the right to obtain all of the information needed to make medical decisions. Doctors routinely fail to provide sufficient, complete and accurate information in the 7 minutes they are given for each child's well-child visit.
239.	Cathy Brenizer	Mechanicsburg, PA	
240.	Ange Benjamin	York, PA	
241.	Chiara Long	Churchville, PA	
242.	Victoria Tinsley	Greensburg, PA	We sold our home in Chester County yesterday and are purchasing a home in Westmoreland County today. If I was not in the middle of relocating, I would attend in person. I strongly oppose these changes. I have sent my concerns to the IRRC both times this has come up as well as to the Department of Health and my Legislators. Please help us protect children from the Vaccine Industry Agenda which is pushing to constantly over vaccinate children! Please help us keep babies and children from pharmaceutical injury. Sincerely, Victoria Tinsley, Grandmother of 3 young children
243.	Janet Cook	Pittsburgh, PA	I am opposed to the proposed regulatory changes of the PA Dept of Health.
244.	Ann Trostle	Dillsburg, PA	
245.	Alice Valenta	Pittsburgh, PA	
246.	Donna Harnish	Lancaster, PA	
247.	Robert Czajkowski	Philadelphia, PA
