Subject: Immunizations

2016 APR 22 AM 11:34

Hello-

My name is Steven Karns. I am the Assistant Principal at North East Middle School and the father of a three year old. I strongly support any efforts that require students to be immunized in order to attend school. I believe in the tradition of being "my brother's keeper," and think that protecting individuals who are unable to be immunized themselves by immunizing everyone else is a necessity.

Thanks,
Steve
