Subject: Response to proposed immunization regulations

Good Morning,

I am writing in response to the proposed immunization regulations. The 5 day provisional period they are proposing is just not realistic for school nurses. The 8 month period may be too long, but 5 days is just a shame. There are many, many reasons I could give but duty calls and I do not have time to go on and on. I hope the powers to be take in to consideration that 5 days is just an unrealistic amount of time to police immunizations at the beginning of the school year along with the many other duties and any unplanned situations that come up.

Thanks for your time,

Beth O'Barto CSN
