**Subject:** Fwd: new immunization proposals

2016 APR 28 AM 10:32

Dear Cynthia, I posed this question to Donna who replied that I should send it to you. I believe one of our biggest concerns is Kindergarten registration. Thank you for your input. Heidi

Dear Donna,

There has been much discussion about the proposed changes to the immunization law among my colleagues and our registrar. From all your mailings it looks like the vote may take place in August. If that is the case, can you tell me what time frames for compliance by schools will be expected? Certainly we cannot expect the kindergarten students who have registered already to be fully compliant and we cannot also expect all those entering 7th and 12th grades will have the MCV. We are eager to eliminate or decrease the provisional period and implement the proposed changes but realize there will have to be a transition time-what is the department thinking regarding the transition time.

Thank you, Heidi
