Subject: New Immunization Provisional Period

2016 APR 29 AM 9: 59

Dear Ms. Findley,

While I am happy that the provisional immunizational period has been shortened from 8 months, the new period of **5 days** from the start of school is way too short. That is not nearly enough time to allow a school nurse to assess every student's immunization status and communicate this to the parent/ guardian and expect the parent/guardian to follow through. I would like to recommend that 60 days would be a reasonable amount of time for this process to occur.

Thank you,
Kelly Stackhouse RN
