2016 MAY -4 AM 11: 29

To whom this may concern,

This is regarding the proposal IRRC #3147, which makes changes to title 28, chapter 23 of the Pennsylvania Code. The new proposed short time limit for getting missed vaccination is way to short and potentially dangerous to the children receiving them. Also children who have had chickenpox, should not be required to obtain the vaccine, considering they have natural immunity.

Thank you for your time,  
A concerned parent,  
Stefanie Buck
