Hello Ms. Findley,

My name is Bonnie Fansler and I am the school nurse at Fleetwood Area High School. I am trying to be proactive and am planning to send a parent letter with the proposed guideline regarding the 12<sup>th</sup> grade Menactra shot. Do you by any chance have a sample parental letter? If not, that's fine. I just figured I wouldn't reinvent the wheel if a form had already been developed. Also, if a student had not been enrolled in PA for 7<sup>th</sup> grade, and did not receive the first Menactra shot, what would be the guideline for that student? Thanks for your help!

Bonnie Fansler RN
