Subject: immunizations

2016 MAY -5 AM 9:38

C Findley, As a nurse for the past 45 years, I agree with the new immunization guidelines from the state of PA! If you give people 8 months to obtain adequate immunization they will take 8 months to get them....if you give them one day...they will get them in one day! I've seen it in the last 25 years of my nursing career. Therefore, please continue with the idea of protection for ALL of PA's children....require 'COMPLETE' immunization for the first day of K and you WILL get it.

Thanks for a Healthy School Career for ALL the Children of PA. Joanne DiMattia
