**Subject:** immunizations

2016 MAY 10 AM 9:38

*To whom it may concern,*

*To voice our opinion in this matter of immunizations please consider before changing laws: five days is far too short a provisional period. There may be danger in requiring too many vaccine doses in a short period of time. Parents should have more time (60 days) to develop a plan for their children to receive the required vaccines. This decision should be decided between the pediatrician and the parent.*

*Thank you,*

*Debbie Kavulla*
