Subject: Proposed immunization requirements for school entry

Dear Ms. Findlay,

Generally speaking, I am in support of tightening the immunizations regulations as proposed, but would love to see "may exclude" changed to "shall exclude". I am a certified school nurse practitioner and do not want any child to miss a day of their education, however "may" lacks enforcement strength and leaves much room for interpretation, challenge and ambiguity. (The administrators currently in my district take seriously their exclusion responsibility but that has not always been the case).

Thank you soo very much for your time and consideration. Margaret Beall, RN,BC BS MA
