Comments entered:

It seems that the politicians are looking for ways to make the cost of buying a home more expensive. It's an easy mark to throw a tax on radon mitigation. If they aren't trying to increase the transfer tax the politicians are looking for other ways to squeeze money out of a real estate transaction. Home ownership is at a fifty year low and adding taxes to a transaction will not help increase homeownership. Stop putting additional fees on a real estate transaction.
